

## FLORIDA GIRL IS NOT WORRIED OVER FLIGHT'S DANGERS

By Associated Press.  
New York, Sept. 15.—A pretty 23-year old girl flier who talked laughingly of the adventure in which ten persons have disappeared today was at the starting point of her projected flight to Paris, eager to be the first of her sex to cross the Atlantic by air.  
Miss Ruth Elder of Lakeland, Fla., swooped down from the sky at Roosevelt field last evening with her co-pilot, Captain George Haldeman, after covering 426 miles from Wheeling, W. Va., and immediately began final preparations for taking off on her 3,610 mile flight across the sea Sunday morning.  
"Gas bought, runway ready, plane dandy, pilot's O. K. Give us a weather break and we'll take off then. I've been dreaming and planning for this even since I first planned to fly two years ago. Then Lindbergh did it and I was more determined. I want to be the first girl to turn the trick. I'll do it!" said Captain Haldeman.  
Her auburn bobbed hair was swept by the wind at the flying field and her large gray eyes sparkled in vivacious confidence as she led off to the details of her monoplane, The Stinson-Detroit, American Girl.

## Will Attempt Fly Across Pacific

By Associated Press.  
Harrisburg, Pa., Sept. 15.—Captain Jack Von Weizand, German ace, who is credited with having shot down 22 planes during the world war, including that of Quentin Roosevelt, today said he would try to fly across the Pacific ocean next month in an attempt to set a new endurance record.

## AUTO COLLISION MONDAY AFTERNOON INJURIES SLIGHT

Considerable excitement was occasioned Monday evening about 6:10 o'clock when a collision between a Ford truck of the Southern Ice and Utilities Company, driven by Henry Langridge, and a Ford roadster driven by G. H. Sughelin, employee of the Corsicana Cotton Mills, occurred at the intersection of West Fourth Avenue and North Twelfth Street.  
The ice truck was turned completely over and the other car was turned on its side. Ice blocks were shattered and scattered over the street. Neither of the occupants were seriously injured, though the driver of the ice truck received a number of lacerations and bruises about the face and arms.  
The front of the Ford roadster was smashed, the windshield and lights being broken and the right front wheel being smashed out of line. One tire was blown out.  
Within a few minutes, there were hundreds of people on the scene. It appeared to be almost a miracle that one or both were not seriously hurt or killed.  
The Southern Ice and Utilities Company truck was said to have been going west on West Fourth avenue and the other car was reported to have been traveling north on North Twelfth Street at the time of the collision.

## Price Reduced on Louisiana Crude

By Associated Press.  
Shreveport, La., Sept. 15.—The Louisiana Oil and Refining Corporation posted a ten cent reduction per barrel on Louisiana crude oil, making the new price 90 cents on all grades.

oceanic flights and serious hazards attached to flights of this nature, members of the government's air co-ordination committee voted today against favoring "any specific governmental prohibition of pioneering flights."

## ELDERLY GEORGIA COUPLE IS CHARGED POISONING TWO SONS AND THEIR DAUGHTER-IN-LAW

By Associated Press.  
Atlanta, Ga., Sept. 15.—The Atlanta Journal today says that Dr. J. A. Ayres, laboratory specialist of Grady Hospital here, reported finding traces of "both strychnine and another poison" in the viscera of Mrs. Amos Hayes, who died mysteriously at Blakely, Ga.

By Associated Press.  
Blakely, Ga., Sept. 15.—Mr. and Mrs. Harris Hayes, well known residents of this section, were accused today of having poisoned their daughter-in-law, Mrs. Amos Hayes, 16, formerly of Detroit, and were under investigation in connection with the deaths of their two sons, James and Amos.  
The couple were arrested yesterday after a coroner's jury had returned a verdict that Mrs. Amos Hayes died ten days ago as the result of poison administered by them. She was the third person in the Hayes household to die unexpectedly and as a result investigation followed.  
James Hayes died at his parents' home two months ago. Amos, his brother, a resident of Detroit, came home to attend the funeral. He remained for a visit and shortly afterwards became ill and died. Before his death he asked a nurse to tell his parents of a wife and child he had left in Detroit.  
The parents sent for their daughter-in-law and granddaughter. Shortly after her arrival, the younger Mrs. Hayes became violently ill and died.  
The similarity of the illness of the trio excited the suspicions of physicians who requested an autopsy over the body of the woman. The coroner who attempted to perform this function was denied admission to the Hayes household and a pathologist was summoned from Atlanta by the sheriff. His report to the coroner's jury yesterday declared traces of poison had been found in the young woman's viscera.  
The elderly couple was present yesterday at the coroner's hearing but made no statement then or following their arrest.  
Authorities declared that the parents were beneficiaries of large life insurance policies carried by their two sons, being named jointly with his wife in Amos' policies.  
The one-year-old granddaughter, Amos' child, is being cared for by relatives, while the grandparents are in jail.

## CATHOLIC BISHOP INDICTED CHARGED INCITING REVOLT

By Associated Press.  
Tucson, Ariz., Sept. 15.—The Right Rev. Juan Navarette, Catholic bishop of Sonora today was at liberty on bond, following his surrender here late yesterday on a secret federal indictment charging him with conspiring to form a military expedition against the Republic of Mexico.  
Bishop Navarette, said to have been exiled from Mexico following the closing of Catholic churches in the southern republic, came here voluntarily from Nogales, to answer to the indictment. The indictment was one of five secretly returned last week by a federal grand jury.  
Federal officials refused to comment on the charges against Bishop Navarette.

## BROWNWOOD WATER DISTRICT ORDERED FILE MORE DATA

By Associated Press.  
Austin, Sept. 14.—The Brownwood Water District probably will be required to file briefs giving additional technical engineering data before the Board of Water Engineers will go into its request for reconsideration of the Board's recent decision granting modified water development permits, C. S. Clark, board member, said today.  
Dissatisfied with the decision which granted the district permit to impound and use about 125,000 acre feet of water annually from tributaries of the Colorado river in Brown county, Brownwood representatives have asked the Board to reconsider the entire proposition. The district applied for permits covering 500,000 acre feet a year.

## THREE KILLED BY LIGHTNING IN FIELD IN GEORGIA TUESDAY

By Associated Press.  
Albany, Ga., Sept. 14.—Face down in a field near a hay stack, against which they had evidently been leaning during a rainstorm, the bodies of three men, killed by lightning, were found today. They were Eugene Gore, 40, and Chas. Gore, 32, brothers, and Bertie Lee Floyd, 26.  
The men were working yesterday in a field on the farm of John Slappey, about two miles south of town. Leaving a tractor which they had been operating in a field they are supposed to have hurried to the hay stack where they took shelter from the rain.

## BRITISH MEDICAL SCIENTIST FOUND DEAD IN OFFICE

By Associated Press.  
Manchester, England, Sept. 14.—The death of Dr. Sidney Rawson Wilson, noted medical scientist and surgeon, behind the locked doors of his laboratory was generally attributed by friends and associates today to an attempt at self-anesthesia.  
Dr. Wilson was sitting lifeless before a machine for administering gas mixtures, with an anaesthetic mask over his face, when found by his wife late yesterday. He was about 48, and was known among medical scientists on both sides of the Atlantic for his studies of the effects of different anaesthetics.  
Fellow surgeons say he undoubtedly met death while carrying on his attempts to obtain and prolong the analgesic state, in which the subject loses all feeling but retains consciousness. This state now it attained for but a fleeting moment. Its prolongation was Dr. Wilson's chief ambition through years of laboratory study.

## Union Oil Company Tanker Damaged

By Associated Press.  
Los Angeles, Sept. 14.—Union Oil Company officials announced here today that several members of the crew of its tanker Utacaron had been injured in the Mexican West Coast hurricane and that the vessel had been appreciably damaged by the terrific 80-mile gale.

### QUARANTINE IS LAID AGAINST FRUIT FLY IN VALLEY AREA

By Associated Press. Austin, Texas, Sept. 15.—Campan, Hidalgo and Villacy counties yesterday were placed under a drastic quarantine by George B. Terrell, commissioner of agriculture, because of the Mexican fruit fly. All citrus fruit remaining on the trees after March 1, were ordered destroyed.

By Associated Press. Brownsville, Texas, Sept. 15.—The State Department of Agriculture has placed no quarantine on Valley citrus fruit, because of the Mexican fruit fly, other than the regulations of the Federal Horticultural Board, R. E. McDonald, chief entomologist of the State Department of Agriculture, said in a telephone conversation with the Herald today, and branded reports from Austin about a drastic quarantine as unfounded and untrue.

McDonald said that Terrell is in New Orleans now and that any information on quarantine regula-

tions would have to come from him, or through his office. He declared that the State Department has taken no action since the adoption in toto of the Federal quarantine as a State measure. A proclamation will be issued declaring a control area in the Valley, he said, giving the counties permits to carry out such measures as they see fit in addition to the State and Federal measures, in keeping the fruit fly out of this section.

### WOMAN ACQUITTED OF MURDER CHARGE; HUSBAND INDICTED

By Associated Press. Bluefield, W. Va., Sept. 15.—Mollie Whitte, 65, was back in the poor house of Tazewell county, Virginia, today, acquitted of killing Scott McGrunder, 73, there six weeks ago in a quarrel over a tattered bed cover. McGrunder was stabbed.

But through her testimony given in a Tazewell circuit court yesterday, her husband, Gus Whitte, a blind banjo player, will be tried on a murder charge in November. Husband and wife were indicted together.

Whitte had expressed the hope his wife would be convicted with him because he wanted her to wait on him.

Local spots, 20.50 to 21.50.

Seed, \$32.

Receipts, 4940.

### ALLEGED REPORT AGRICULTURE DEPT. CAUSE OF DECLINE

By Associated Press. New York, Sept. 15.—A sharp drop of \$7.50 a bale on the New York Cotton Exchange today followed circulation of an alleged report by the Cotton Division of the Department of Agriculture on its future trend of cotton prices, which brought a heavy volume of liquidation. This made a decline of about \$16.50 a bale since the last government crop estimate.

The report which quoted the Department as stating that should the present estimate of production be realized, and past relationships between supply and price prevail, it is likely prices will decline during the next few months, lacked official confirmation but served to disrupt confidence.

The entire list dropped below the low record established Tuesday, December selling at 21.35c per pound, compared with 22.52c on Tuesday, and March dropping to 21.65c against 22.74c on Tuesday.

By Associated Press. New Orleans, Sept. 15.—A Washington News agency quoted officials of the Department of Agriculture to the effect that if the present outlook materialized, cotton prices should decline, brought losses of \$6.50 a bale to the New Orleans market today.

After midsession the prices quieted down and prices rallied about 40 points from the lows.

### Statement Credited Department Denied

By Associated Press. Washington, Sept. 15.—Officials of the Bureau of Agricultural Economics, Department of Agriculture, emphatically denied today they had made any statement indicating the present cotton supply outlook should cause a decline in market prices.

They had been informed that losses of \$6.50 a bale were experienced in New Orleans today on the strength of a report credited to the Bureau of Economics.

"We believe," they declared, "this story was based on a mere fragment of an article written in the department a month ago, saying there might be a reduction in cotton prices if at the end of the season the crop had materialized in accordance with the percentage of production then apparent."

"There have been no developments to warrant the inference that such prediction has come true nor can there be before October 1, at the latest. This bureau spoke only of the August outlook, which had nothing to do with conditions at this time. An old discussion of the cotton situation apparently has been presented as something new and has had an unwarranted reaction on market bulletin boards."

### COTTON PICKERS REPORTED PLentiful HILLSBORO SECTOR

In reply to a request from the Chamber of Commerce for the most available source for obtaining cotton picker labor, C. W. Woodman, assistant director of the United States Farm Labor Division, Fort Worth, writes that Hillsboro is possibly the nearest and best point.

Mr. Nelson, a field agent of the Federal Department, has been stationed in Hillsboro at the Chamber of Commerce to direct pickers coming from South Texas points to farms in Central Texas. He reports that an average of 100 pickers were being received into Hillsboro each day from southern points.

The Federal Department has a number of field men in various Texas towns directing labor to points where it is most needed.

The report has been spread among local farmers that pickers were available in the vicinity of Malakoff and Trinidad. However, the Chamber of Commerce telephoned Malakoff bankers and was told that there was no surplus of picker labor and probably would not be in that vicinity for some two weeks.

The local Chamber is working with Navarro county farmers in an effort to obtain pickers for communities needing outside labor.

"Corsicana Has It."

### THE KINGDOM DIVIDED

Comment on the Uniform International Sunday School Lesson

September 18, 1927.

Read 1 Kings 8.

Read 1 Kings 12:12-20.

1p. So Jeroboam and all the people came to Rehoboam, the third day, as the king bade, saying, Come to me again the third day.

12. And the king answered the people roughly, and forsook the counsel of the old men which they had given him.

14. And spake to them after the counsel of the young men, saying, My father made your yoke heavy; but I will add to your yoke; my father chastised you with whips, but I will chastise you with scorpions.

15. So the king hearkened not unto the people; for it was a thing brought about of Jehovah, that he might establish his word, which Jehovah spake by Ahijah the Shilonite to Jeroboam the son of Nebat.

16. And when all Israel saw that the king hearkened not unto them, the people answered the king saying, What portion have we in David? neither have we inheritance in the son of Jesse; to your tents, O Israel; now see to thine own house, David. So Israel departed unto their tents.

17. But as for the children of Israel that dwelt in the cities of Judah, Rehoboam reigned over them.

18. Then King Rehoboam sent Adoram, who was over the men subject to taskwork; and all Israel stoned him to death with stones. And King Rehoboam made speed to get him up to his chariot, to flee to Jerusalem.

19. So Israel rebelled against the house of David unto this day.

20. And it came to pass, when all Israel heard that Rehoboam was returned, that they sent and called him unto the congregation, and made him king over all Israel; there was none that followed the house of David, but the tribe of Judah only.

Golden Text:—Pride goeth before destruction, And a haughty spirit before a fall.—Prov. 16: 18.

(Text is from the American Standard Edition of the Revised Bible copyright, 1901, by Thomas Nelson & Sons, and published by permission.)

Centuries before the Magna Charter was signed by King John, the struggle for human freedom had been going on. The effort to form a government of the people, by the people and for the people did not begin in England or in America. The beginnings of democracy lie far, far back in history.

Nor have we yet achieved the ideal state and banished tyranny from our land. I am a firm believer in the idea that God is working out His plans through the peoples of the earth just as He has been far back of what we know as recorded history. Under his laws it is inevitable that tyranny destroys itself. If this were not true our politics would be hopeless. This being true we know that power assumed and exercised regardless of human rights is bound to bring about revolt and destruction.

With this idea in mind turn again and read the story of King Solomon and his son Rehoboam in the book of Kings. Rehoboam had not yet been crowned formally when a revolt led by a Democrat by the name of Jeroboam took away ten twelfths of the kingdom and there were two kingdoms attempting to operate side by side where David had left but one. The Biblical writers do not seem to have liked Jeroboam very much. To their mind he caused Israel to sin. It seems to me that the revolt of Jeroboam was simply the workings of men toward freedom from tyranny and seeking an expression of self government.

They had stood about all they could stand from Solomon and when Solomon's son, a young upstart, a rich man's son, an arrogant, spoiled, arbitrary man who inherited all he had, scornfully told the chief men of the Ephraimites to go jump in the river they promptly called his hand.

We have been taught to place Solomon on a pedestal and glorify him for his wisdom and talk about his dream and his request for knowledge and about the wonderful temple and the palaces he built. I do not admire Solomon a little bit. To me he was merely an oriental despot. I admit that he was pretty smooth and that he could probably make a witty after dinner speech. His speeches would be applauded anyhow because he was king and we always applaud the stories told by the boss.

It is not guess work that I take this view of Solomon. While the Bible writers attempt to picture Solomon in a manner to attract our favorable attention, yet they also tell too plainly the story of his excess and his tyrannies. Solomon's court was the most brilliant in the then known world. To get the money to operate this court he divided the nation into twelve states and each state was obliged to support the government for one month each year. He was not fair about it either for he expected his own tribe and made most of them officers of the court.

This sounds almost modern. A political faction gets into office and places its own members on the pay rolls and the balance of us pay the taxes.

Solomon was a great lover of fast horses and of women. Under Solomon's reign chariots were first introduced into Israel and they were very rich, shining with gold and silver. It was his habit to line up wonderful chariots and horses in a double line and drive his own favorite team down the open way to the plaudits of the crowd.

Solomon got rid of his enemies in a truly oriental way. He had them killed. He married the daughter of the then Pharaoh and this made an ally of his most dangerous neighbor. He outtraded Hiram, King of Tyre. He is said to have operated a fleet of ships and brought to his palace the riches of Ophir and Tarshish. Adventurers are still making expeditions in search of the mines of Ophir.

It seems but natural that when Solomon died and his son Rehoboam came to the throne the oppression of the old king should bring an open rebellion. There was a young man of high birth and education, of the strong tribe of the Ephraimites, who had worked his way to a commanding position under Solomon and had attempted to rebel. The old king was too strong for him and he fled to Egypt. When Solomon died Jeroboam hurried back to his own country and headed a delegation demanding that the taxes be reduced and the levies for public work be abandoned. Rehoboam asked the old men about it. They were politicians and advised him to promise everything and do nothing. The young men, Rehoboam's cronies, the noble youth educated with the prince, as was the custom in those days, advised that he tell the kickers that what Solomon had done would not be a patching to what he would do.

Then the war started. Ten tribes revolted and made Jeroboam king of Israel. Rehoboam attempted reprisal and had to flee to the walled city of Jerusalem.

It is the old story of human struggle and the same struggle is going on today. It might be called the evolution of freedom. History writes the same story in the record of every nation.

Our own nation is one of the experiments and develops from the same struggle. The reformation did not start at Geneva. Savonarola was hanged and then burned by the Medici because he sounded the note of revolt against oppression. Today in his own city of Florence he is canonized.

I have heard men say that the world is growing worse and that there is nothing ahead for us, that evil is triumphant. It seems to me that a careful reading of history gives us another story. We can not understand the meaning of the events which happen about us and in which we are participants. Jeroboam did not have a very successful reign. Bloody tyrants followed him on the throne of Israel. The Kingdom of Solomon outlasted that of Jeroboam by more than a century and a third. Yet the struggle of Jeroboam stands out clear to us as a protest.

So it has been with every other struggle for freedom of thought and freedom of religion.

We are in the midst of just such a struggle today. The might of graft and lawlessness, the power of tyrants, the reckless disregard of all the things we have been taught to hold sacred appeal us and we hardly know how to answer the sneers directed at us as old fashioned and superstitious.

That does not make me hopeless. On the contrary it is only working out the divine scheme of things exactly the same as they have been working out since the struggle for human and religious freedom began with the first godless tyrant in the world.—The Republic Syndicate.

### LOCAL AUDITION COMMITTEE HELD MEETING TUESDAY

At the call of Miss Dorothy Drane, chairman, the committee in charge of the local audition to select a contestant among the young women and also among the young men singers of Navarro county, who desire to take part in the elimination contest in the National Radio Audition, met in the Chamber of Commerce headquarters Tuesday morning to hear reports from the sub-committees named at the previous meeting of the committee last week, and discuss matters in connection with the local event.

Progress was reported by all the committees and it was stated, as has heretofore been announced in these columns, that the local audition would be held in the First Baptist church on the evening of Friday, September 23, and that entrants would be permitted to file notice of their intention to

take part in the contest up to noon Monday, Sept. 19.

The survey committee, having charge of the matter of checking up on the entrants in the local audition, reported that five young people had already signified their intention of entering the contest. Of this number two are young men and three are young women. The age limit is from 18 to 25 years, inclusive.

The winner in the local contest will take part in the State contest over WFAA at Dallas on November 15 and 16. Thereafter there will be district contests and then the winners of the district contests will compete in the National audition. The winners will be given valuable cash prizes and an opportunity to pursue their studies under leading voice teachers of the country.

It was stressed that untrained voices as well as those that had received training were expected to enter and that as a chance of winning, Miss Drane, chairman of the local committee, will appear before the luncheon, club and High School assembly on behalf of the audition.

Read the Sun—get all the news.

### BODIES OF MANY BANDITS HANGING ALONG RAILROAD

By Associated Press. Nogales, Ariz., Sept. 15.—Bodies of 36 bandits reported hanging singly and in groups from limbs of trees and from telegraph poles today "bill boarded" the Southern Pacific of Mexico railway in Navarito.

Dispatches from Guayamas, Sonora, said travelers and trainmen arriving here told of having seen the gruesome evidence of the government's campaign against the bandits. The bodies were hung close to the right of way between the stations of Compostela and Ahuacatlan in Southern Navarito, in the heart of the region where bandits have attacked railway trains with some loss of life.

**NUMEROUS MATTERS ARE BROUGHT BEFORE COURT MONDAY**

At the Monday afternoon session of the Navarro county commissioners' court, a petition signed by H. C. Russell and 64 other citizens of Road District No. 2 was presented for the calling of an election in that district for the issuance of bonds in the sum of \$125,000 for the construction of a system of roads in that district, joining the road to be built in Consolidated Road District No. 1, extending toward that district. A hearing on the proposed calling of the election in that district will be held by the commissioners' court Monday morning, Oct. 3, at 10 o'clock. A number of other important matters were considered by the commissioners.

The matter of the purchase of tractors and graders by the commissioners was deferred until the adjourned meeting to be held Thursday morning in order that Commissioner Ruben Milligan can be present. He was not present Monday due to illness. Bids were opened Monday morning on graders and tractors.

**Bridge Across Chambers Creek.** Austin Bridge Company was the successful bidder for the construction of a bridge across Chambers Creek on the Rice-Emhouse road. The bid was \$3,223.35. This is a 75-foot span bridge and with the approaches, will be 135 feet long. It will be 12 feet wide.

**Like Page, colored, residing at Kerens, R. A., appeared before the court relative to alleged damage to property by water said to have been turned over his property by a recently opened road. The matter was referred to Commissioner Ben F. Guyne. He agreed to lease a plot of ground to the county for a dipping vat location for five years for \$50.**

The application of McTendon & Purnell, county engineers, for five assistant engineers in the work on the roads in Consolidated Road District No. 1, was allowed. Engineering work on the Chaffield and Rice roads is in progress at the present time.

A letter from H. R. Stovall, county judge of Ellis county, stating that the next meeting of the district County Judge and Commissioners' Association would be held in Waxahatchie, Sept. 21, was read.

**All Road Bonds Signed.** Judge Warren Hicks stated that the bonds in the sum of \$2,690,000 in Consolidated Road District No. 1 had been signed by the county officials.

It was decided to have the boiler at the power house near the county jail from which the heat for the court house and jail is derived, inspected to find out whether it should be repaired or a new boiler installed. Definite action is expected at the Thursday's meeting.

The petition from 65 voters of Road District No. 2, created by the commissioners' court August 29, was presented by B. W. George, asking that bonds in the sum of \$125,000 be issued in the district for the construction of good roads. Road No. 1 will be called the Corbet-Purdon road, beginning at the end of the road in that direction. In Consolidated Road District No. 1 and extending through Jesse, Purdon and west to Richland Creek. This road will be not less than 12 feet of reinforced concrete. The petition sets aside \$121,600 to be used to build the road. Road No. 2 will be the Purdon-Pursley road, a distance of approximately one mile south to Richland creek from Purdon, \$5,000 set aside. Road No. 3 will be 2.1 miles north of Purdon, known as the Purdon Lane Road. This will be cared for by \$8,000. Roads No. 2 and No. 3 will be of gravel, twelve feet wide.

**Held Hearing Oct. 3.** Commissioner Collins made a motion for the holding of the hearing as to whether the election shall be called in District No. 2 Monday morning, Oct. 3, at 10 o'clock. The motion was seconded by Commissioner Megarity.

The road minutes and the improved road minutes since May were read by Judge Hicks and approved.

The minutes of the regular court for August were also read and approved.

W. M. Elliott, surveyor, appeared before the court relative to the proposed making of a county map to be used by the county assessor, collector and other county officials in the discharge of their duties. The present map is antiquated. It is expected that action will be taken on the proposed making of a new county map at Thursday's meeting. The new map will likely include justice, school, road, voting, commissioner, levee and other precincts and districts. This question has been considered by commissioners' courts for a number of years. It was stated.

**PRIZES OFFERED FOR BEST DISPLAY PECANS AT SAN SABA**

San Saba, Texas, Sept. 12. Two hundred and fifty dollars in prize money will be offered to the East, West or South Texas Chambers of Commerce for the best pecan exhibit displayed at the National Pecan Show to be held here this fall. In addition to this offer, eight hundred and fifty dollars in other awards will be made. The show is the first of its kind to be held in America and is attracting widespread attention.

**COUNTY NEWS****PURDON.**

Special to the Sun.  
Purdon, Texas, Sept. 15.—We had a fine rain Wednesday afternoon. It came just in time to fill all cisterns which were just about dry.

F. Herrod and family of Richland were here Sunday, the guest of Mrs. Herrod's mother, Mrs. Carrie Compton.

W. S. McCulloch and family of Navarro Mills were here Sunday visiting Mrs. McCulloch's sister, Mrs. W. E. Butler.

L. E. Burditt of Dawson was here Sunday.

J. S. Owens and son, Russell, of Malakoff, spent the week end here the guests of J. H. Ford and family.

Dr. A. D. Sanders of Corsicana was here Sunday.

O. P. Griffin and family left Wednesday for their home in Yuma, Ariz., after a two weeks' visit with friends and relatives here.

Ether Ellis and family spent the week end in Italy.

Miss Blonnie Almon of Dawson spent Sunday here, the guest of her aunt, Mrs. W. E. Butler.

J. A. Mitchell and wife and Mrs. H. C. Russell were Corsicana visitors Saturday.

Mrs. E. J. Logan of London, Texas, is here visiting her son, Arthur Leggett.

Miss Lessie Farmer returned home Sunday from Moran, Texas.

W. W. Smith was called to Wolfe City Monday by the death of his nephew.

De and Mrs. W. R. Russell, Mrs. G. J. Gregg and W. A. Farr were shopping in Corsicana Monday.

Mrs. Arthur Keeling returned to her home in Dallas Saturday after a few days' visit with her father, J. H. Farrel.

Mrs. E. C. Hodge returned to her home in Grand Prairie Wednesday.

Quite a number of Purdon people attended the Baptist Association at Corsicana Tuesday, Wednesday and Thursday of this week.

Mrs. and Mrs. Artie Farmer entertained the Owen brothers and sisters with a family reunion. All the brothers and sisters were present except three, two of which live in Oklahoma, and one was ill and could not be present. A good, old-fashioned dinner was enjoyed and in the afternoon the group made pictures.

**KERENS.**

Special to the Sun.  
Kerens, Texas, Sept. 15.—Mr. and Mrs. Bennie Matthews and two children of Dawson came in Friday evening to spend the weekend with Mrs. Matthews' parents, Mr. and Mrs. J. M. Massey Sr. Mr. Matthews returned to Dawson while his family will remain here for about two weeks.

George Washburn of Mamou, La., came in the latter part of last week to visit his father, T. J. Washburn. He was accompanied from that place by Dr. T. W. White of Kansas.

Mrs. Martha McCord and children of Rusk came in Friday to spend the weekend with Mr. and Mrs. T. H. McCord.

Jack Walker returned to San Marcos Sunday to resume his studies in Southwestern State Teachers College, after spending a few weeks vacation here with his parents.

Mr. and Mrs. Truitt Hudson of Houston came in the latter part of last week to spend a few days with the latter's mother, Mrs. Cleveland Couch.

Bill Orr, who has been visiting relatives in Denver, Colo., during the summer months, returned to Kerens Friday and will enter the Kerens high school to resume his studies Monday.

Edith Wells and David Sherrill returned the latter part of last week from Dalton, Neb., where they were during the wheat harvest. They are now making preparations to enter A. M. college at College Station.

L. Gunter, father of Mrs. Chas. F. Mabry, was carried to the Navarro County hospital at Corsicana Tuesday to undergo a medical examination with possibility of a surgical operation. Mr. Gunter has been in poor health for several weeks.

Mrs. Chas. Mabry has been quite ill for several days, however, it is reported that she is considerably improved.

Mr. and Mrs. John Massey, Jr., and little daughter of Dallas spent the week-end here with their parents, Mr. and Mrs. John Kyser.

Pete Massey left Sunday for Dallas where he prepares to go to Arkansas and Mississippi calling on retail trade.

G. T. Rowlinson of Route 3, had a light stroke of paralysis, early Wednesday morning. His left side was paralyzed. It is reported that he is able to be up.

J. M. Massey, Sr., and Jim Norton of Route 2 were here Wednesday on business.

Mrs. Will McCleary of Corsicana and Miss Oma Sanders of Frost were here Tuesday visiting Mr. and Mrs. Robt. Lowe.

Mr. and Mrs. Wm. A. Smith have returned from Fort Worth where they spent a few days with the former's mother, Mrs. Mary Smith.

Mrs. J. C. Howell and Mrs. Z. N. Foster and daughter, Estelle, were in Corsicana Monday.

Sharrett Smith returned to San Antonio Sunday after spending the summer months with his parents.

Mr. and Mrs. C. E. Smith, returned Tuesday night from Dallas where they spent a few days visiting.

Mrs. D. W. Ray, Robt. Wilson, Mrs. Ella Dickens and daughter, Ray Dickens, were in McGregg Sunday.

Fred Hulan was in Athens Sunday.

Vernon Bruner and Dick Bruner spent Wednesday in Dallas on business.

Edith Wells and David Sherrill returned the latter part of last week from Dalton, Neb., where they were during the wheat harvest. They are now making preparations to enter A. M. college at College Station.

L. Gunter, father of Mrs. Chas. F. Mabry, was carried to the Navarro County hospital at Corsicana Tuesday to undergo a medical examination with possibility of a surgical operation. Mr. Gunter has been in poor health for several weeks.

Mrs. Chas. Mabry has been quite ill for several days, however, it is reported that she is considerably improved.

Mr. and Mrs. John Massey, Jr., and little daughter of Dallas spent the week-end here with their parents, Mr. and Mrs. John Kyser.

Pete Massey left Sunday for Dallas where he prepares to go to Arkansas and Mississippi calling on retail trade.

G. T. Rowlinson of Route 3, had a light stroke of paralysis, early Wednesday morning. His left side was paralyzed. It is reported that he is able to be up.

## NORTH ATLANTIC GIVING UP SECRET OF MISSING PLANES

By Associated Press.  
New York, Sept. 13.—Water-logged airplane wreckage reported found at three widely separated points at sea today provided clues regarding ten brave adventurers who vanished into Atlantic skies in their great gamble against the deep.

The wild North Atlantic began yesterday to yield its secrets concerning the lost monoplane. Old Glory, and possibly the lost expedition of Nungesser and Gali, the monoplane, St. Raphael, which carried Princess Lowenstein-Wertheim, and the monoplane, Sir John Carling.

Wreckage of the Old Glory was reported found by the steamship, Kyle; a rudder and part of the wing of an unidentified plane were found on the beach at Newquay, Cornwall, England, and a French fishing schooner reported having sighted airplane wreckage three weeks ago 300 miles east of Halifax, N. S. No trace of the fliers was reported.

**Wreckage Near Sable Island.**  
The schooner sighted the wreckage partially submerged about 250 miles off Sable Island, a graveyard of the Atlantic. In a report to the French hospital ship, Jeanne D'Arc, now at Halifax, the schooner advised that the plane was "yellowish color with black lettering."

Douglas Muir, a newspaper man of St. Johns, N. F., on board the steamer, Kyle, sent the following message from the ship, which had been chartered by the New York Daily Mirror to search for Old Glory:

"Located wreck of Old Glory, latitude 51:17 north, longitude 29:23 west at 4:20 p. m. No signs of crew. Particulars follow."

After its fall the Old Glory evidently had been washed by the waves to a position 100 miles northeast of the one it occupied when it broadcast its appeal for help, and its position as "five hours out New Brunswick, east." The wreckage was found about 600 miles east of Newfoundland, in an area that had not been traversed by the four ocean liners that joined in the search.

**Old Glory Missing Week.**  
Old Glory took off from Old Orchard, Maine, last Tuesday with Lloyd Bertaud and James D. Hill, veterans of the air mail, as pilots, and Philip A. Payne, managing editor of the New York Daily Mirror as passenger. It was last sighted by the steamship California about 350 miles off the New England coast. Four hours later the SOS was picked up by the steamers Carmania, Lapland, Transylvania and American Merchant.

Charles Nungesser and Francols

Coll. hopped off from Le Bourget for New York on May 8, and disappeared.

On August 31 Princess Lowenstein-Wertheim with Colonel Frederick C. Minchin and Captain Leslie Hamilton left Upavon, England, in the St. Raphael for Ottawa.

Captain Terrence B. Tully and Lieut. James V. Medcalf and their plane, Sir John Carling, bound from London, Ont., to London, England, left Harbor Grace, N. F., Sept. 7.

Advices regarding the wreckage of Old Glory caused Mrs. Lloyd Bertaud and Mrs. Philip A. Payne to be optimistic regarding their husbands.

"It is possible that some boat without wireless picked them up," said Mrs. Bertaud. "We might not hear for two or three weeks and they could still be safe."

## Thorough Probe Trans-Oceanic Flight

By Associated Press.  
Washington, Sept. 13.—The ordering of a thorough investigation of trans-oceanic flights by the assistant secretaries of War, Navy and Commerce in charge of aviation is under consideration by President Coolidge.

**Members W. O. W.**  
Better be out Friday night, Sept. 16th, something doing.

## Farm Bureau Ass'n. Conducted Meetings

A number of interesting meetings under the auspices of the Texas Farm Bureau Cotton Association have been conducted during the past week in various sections of the county, according to B. M. McKay, field representative.

This educational work has been in charge of Miss Susan Landon, educational department, R. B. Buchanan, district supervisor and Mr. McKay. The meetings were largely attended and much interest is said to have been evidenced.

**Improving Store.**  
Rhoads Bros. are having the rear end of their store remodeled in preparation of the coming fall business. Mr. Rhoads states that they can already feel the effect of the high priced cotton and that the last few days business has been extra good with them.

**Accepts Position Here.**  
Robert Hankins, formerly of Athens & Polk Gro. Co., of Dallas, has accepted a position with the Central Texas Grocery Co., as general sales manager. Mr. Hankins is a well seasoned wholesale grocery man and is already at his post of duty.

**Ice Cream Supper**  
At Cryer Creek Saturday night, Sept. 17, benefit of Baptist church. Everybody welcome.

## SUIT TO COLLECT FEATHERSTONE NOTE AND INTEREST FILED

By Associated Press.  
Austin, Texas, Sept. 13.—Suit for collection of two notes totalling \$56,250 and interest, representing a unpaid balance of the purchase price of the states iron ore properties sold in 1920 to L. P. Featherstone of Longview was filed by Attorney General Claude Pollard in district court here Tuesday against P. P. Featherstone, Longview, administrator of the deceased purchaser's estate and eight bondsmen.

The principal sum represents half the purchase price, one fourth of which was paid in cash and the remainder secured by three notes and a \$100,000 bond. The first of these three notes has been paid, but the others, due on September 16, 1923 and March 16, 1924, respectively have not, the State's petition says.

The property is at Rusk, having been operated in connection with the State Prison System.

## CITY OF HOUSTON TO HAVE CRUISER NAMED FOR TOWN

By Associated Press.  
Houston, Texas, Sept. 15.—Houston seems to be immensely tickled that a United States cruiser is about to be named for the city.

Members of the committee, of which Thomas H. Ball, former congressman, is chairman, has adopted resolution, thanking everybody who contributed to the project, reached a successful termination when Curtis Wilbur, secretary of the navy, on a recent visit to Houston, announced that one of the projected cruisers would be named "The Houston."

It developed at the committee meeting that the campaign to name the cruiser had been extensive. It appears that 78 white and 24 negro organizations besides 87 labor organizations had passed resolutions favoring the project and that 550 telegrams had been sent and 5,000 letters written by school children and 409 more by Boy Scouts urging it. Resolutions also were passed by the city councils of Houston and suburban cities, the League of Texas Municipalities, the Port Commission, Chamber of Commerce and Houston Naval Reservists.

The campaign moreover reaches into high places. It was supported by Congressman Henry Wurzbach of San Antonio; The Tennessee congressional delegation; Con-

gressman Hull of Illinois; Senator Royal Copeland of New York; Chairman Hale of the Naval committee; Judge Edwin B. Parker, Governor Dan Moody, the state adjutant general, Mayor Oscar Holcombe and the county commissioners.

But, it developed, when Secretary Wilbur was here that letters from school children were the greatest force in making a decision.

As a testimonial of appreciation the commission took steps to popularize the sale of photographs of the historic frigate, "Old Ironsides," and to make it the largest of any city in the South. Proceeds of the sale are to go toward restoration of the famous ship of the American naval line of long ago.

The next step, it was announced, is the purchase at the proper time of a silver service for the new cruiser Houston. It will cost in the neighborhood of \$20,000 and will be presented in accordance with promise.

## ARKANSAS NATIVE SON GETS SUPPORT FOR PRESIDENCY

By Associated Press.  
Little Rock, Ark., Sept. 13.—The Arkansas Democratic Central Committee last night endorsed Senator J. T. Robinson of Arkansas for the Democratic nomination for President and in a resolution, commending Senator Robinson as a "Democrat worthy to take his place alongside of Tilden, Cleveland, Bryan and Wilson as a great political leader."

## HOUSTON BANKS INAUGURATE NEW SERVICE CHARGE

By Associated Press.  
Houston, Texas, Sept. 14.—Most Houston banks are about to inaugurate a service charge for carrying small accounts but they are not in a unit on the proposition.

One National Bank announces to its depositors that inasmuch as accounts under \$100 are carried at a loss, it will make a charge of \$1 per month on those accounts beginning October 1.

Exemptions from the charge, the announcement said, are accounts which average more than \$100 daily, accounts which do not change, accounts to which no checks are drawn and to regular savings and Christmas savings accounts.

"No fair minded person desires bank service or any other service rendered at a loss," the statement recited. "We feel that any of our depositors earning a reasonable wage or salary can keep on deposit at all times an average of \$100 or more, thus having this reserve fund available for any emergency."

To which John T. Scott, president of the First National Bank, replied: "Collections of service charges on small accounts would be entirely out of line with the policy of the First National Bank for 52 years. We regret that we cannot co-operate with the other banks in the city in this manner. While it may sound strange, the purpose of a bank is not primarily to make money. While the stockholders are entitled to fair returns on their investment, we feel that a bank is

in many ways a public institution. Moreover, he pointed out, many patrons of his bank, who are now among its heaviest depositors, at one time had many small accounts.

**Sunday School Class to Repeat Play.**  
The Willing Workers class of the First Methodist Sunday School, a group of young married ladies and girls, with Mrs. R. K. Blackbear as their teacher, are repeating the play, "The Southern Cinderella," which was given with such success several years ago in the Junior High School auditorium with the following cast:

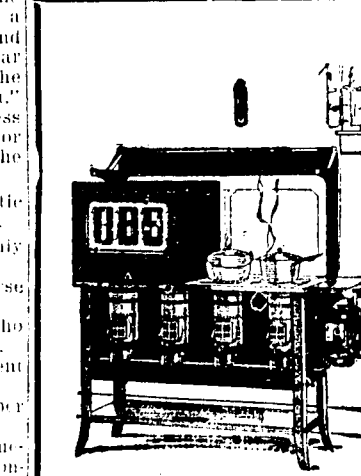

Madam Charteris, an aristocratic person of 70 years—Lucile Elliot.  
Enid Bellamy, Madam's only granddaughter—Elizabeth Haley.  
Katherine Hawke, a trained nurse from England—Sue Stone.  
Caroline Hawke, her sister, who is an adventuress—Irma Wright.  
Rosie Winterberry, a settlement worker—Candice Walton.  
Johnnie Bell Randolph, a flapper friend—Tillie Frances Young.  
Mammy Judy Johnson, a bluegrass widow—Mrs. Thelma Falconer.

The same cast with the exception of Miss Walton, who has gone to Goose Creek to resume her teaching duties, will put on this delightful, interesting three-act play Friday night at 8 o'clock at Navarro in the school building. Besides the play, special musical numbers by Mrs. Adele Sutton Farr, violin, and Miss Maudie Smith, voice, will be given between acts. Admission will be only 35 and 15 cents, part of the proceeds to go to the Educational fund that the Young People's Department of the First Methodist Sunday School is creating for the purpose of assisting worthy boys and girls in obtain-

ing an education.  
The class and Mrs. Blackbear will be glad for all who are interested to go out with them to Navarro.

## PLAN TO CURE EVILS OF POOR COTTON QUALITY IS OBJECT OF THIS COMMITTEE

By Associated Press.  
Austin, Texas, Sept. 14.—The Texas Cotton Committee, which has initiated an intensive study of cotton quality, believes a plan can be devised to cure the evil of depreciating quality of the product in Texas and give it the premium that the "natural advantages" in the way of soil, topography and climate leave a right to expect.

Dr. C. H. Alford, director of the school of business administration at the University of Texas, said here today, "The new thing about it is," he said, "that the community which organizes under the plan is not going to be paid the actual commercial premiums for the superior quality of their cotton. It is a cooperative business proposition in which the merchants as well as the Texas Farm Bureau agree to see that the farmers get the commercial premiums for the exact quality they grow. At the same time, it offers them the greatest freedom in the methods of sale. It is hoped that eventually in some instances the community idea may be extended to embrace a whole county or even a region. Growers and others will be asked to cooperate."

"C. H. Alford, director of the Extension of Texas A. & M. College, was appointed chairman to undertake specific problems as the development of the program warrants. Another meeting of the central committee will be called in about two months."

**Want Permanent Organization**  
"The members of the temporary cotton committee feel that a permanent organization should be formed for the general purposes outlined for the committee. It is thoroughly understood that the purposes of this committee are not to compare with other organizations but rather to assist all by getting them work and coordinate efforts through all phases of the industry. There are a few very pressing problems upon which considerable work already has been done. The committee felt it advisable to undertake to foster lines of work immediately in line with experimental and demonstration projects."

"It was pointed out that cotton under a Texas bill of labeling formerly was worth from 20 to 30 points more than the usual upland cotton but that this premium is fast disappearing and that cotton from certain sections of the state actually is being penalized. This and the constantly declining yield per acre were deemed to be two of the outstanding obstacles to developing a greater cotton industry in Texas."

Showing how the matter of yield per acre is entirely up to the farmer with aid of what technical advice he can get and will follow, Dr. C. H. Alford continued:

**Problem Is Difficult**  
"Improving the quality of cotton presents a different problem and requires co-operating of more groups. The farmer is not going to the expense and effort of growing a superior product unless he will get extra pay for his extra cotton is a highly technical process as especially the determination of staple length and character. As might be expected, good cotton classes com-

mand larger salaries, for a good classer can class thousands of bales in a season. Since the cotton merchants find it too expensive to put such men in the local markets as buyers, unless it is a large market or a market in an extra staple territory, the cotton merchant must resort to other means of buying the cotton in the local market. Where the expense of a classer in a local market is prohibitive, the merchant often resorts to the practice of buying on what is known as the average receipts, especially in staple.

**System Outlined**  
"Under this system, the cotton growers as a group are responsible for their community's standing in the market. For example, if a given quantity of cotton, competition tends to force the cotton merchant to raise their limits sufficiently high to give the farmers the full benefit. If some farmer in that community plants poor quality of cotton, he becomes a community robber in that he usually gets more for his cotton than it is worth and his neighbor tends to get that much less."

On the other hand, if a community has a very bad reputation, and one or a few farmers attempt to grow good quality cotton, they tend to get little reward for it, especially if they are small operators and market their cotton through the regular local channels. Under such a method of buying, the cotton merchant pays for the cotton on a community basis and, according to information available, pays about what it is worth. Obviously, the difficulty of the system is that the premiums and discounts are not properly distributed as between the farmers in the community."

There are several ways to remedy this situation. The farmer can organize a one-variety community and wait for competition to force the relative price they receive. They can ship their cotton out to a factor or somebody else in a central market or they can ship to the Texas Farm Bureau."

## FINAL SESSIONS OF CORSICANA BAPTIST ASSOCIATION HELD

Final sessions of the annual meeting of the Corsicana Missionary Baptist Association were held at the First Baptist church Thursday, adjourning late in the afternoon. Reception of the reports of various activities for the past year and the adoption of the program of the coming year's work occupied the messengers during the day.

The morning devotional was conducted by Rev. T. C. Jensen, pastor of the Baptist church at Midland.

Paul E. Harper, chairman of the committee on Baptist Young People's Union activities, presented the annual report of those organizations. The report showed a total of fifty-seven unions in the county with a total of 1,054 members. The report was accepted. An outline of the work which will be undertaken during the coming year was presented along with the objectives of the program.

Rev. A. C. Donath, pastor of the church at Anson, sang "The Pea-

ly White City," with Mrs. Paul Harper accompanying.

The report on associational missions was then presented by Rev. J. Howard Williams, pastor of the First Baptist church of Corsicana, and chairman of the committee on this work. Beside the general report of the chairman, the reports of the association missionaries, Rev. E. L. Liddell and the treasurer, Joe Jefferson, were presented. After the report of the treasurer, the association designated the remaining two Sundays in September as "Pay-up" Sundays to clear up the indebtedness of the organization and to place funds in the treasury for the coming year.

Luncheon was served the visitors at the church during the noon recess.

At the afternoon session, Mrs. George Miller, president of the Women's Missionary Union, gave the annual report of that organization following the devotional.

The report on general religious conditions included under the head of "Civic Righteousness," was given by W. W. Harris. This was followed by the statistical report of the last year as tabulated from the reports of the various churches in the Association.

The report of the musical director and speaker for the next associational meeting completed the work of the association late Thursday afternoon.

At the Wednesday evening service, the choir of the First Baptist church rendered special music, along with numbers by the male quartet. Following a discussion of the church periodicals left by Rev. T. C. Jensen, Dr. E. C. South of Dallas, editor of the Baptist Standard, delivered the principal address. This was followed by the missionary sermon by Rev. A. C. Donath of Anson, who is volunteer for the mission field of Africa and is waiting for the orders of the board.

Protest was selected as the place for the next annual meeting of the association. Rev. F. A. Tippen of Blooming Grove was selected to deliver the annual sermon, and the missionary sermon will be delivered by Rev. W. D. Wilbanks of Roane.

**FOUR HUNDRED ARE DEAD AS RESULT OF JAPANESE TYPHOON**  
By Associated Press.  
Tokyo, Sept. 14.—Four hundred persons are dead, 2,300 injured and seven hundred houses destroyed in Kumamoto prefecture, island of Kyushu, in consequence of yesterday's typhoon and tidal wave, reports to the Japanese Home Office stated today.

In Fukuoka, Nagasaki and Kagawa prefectures, there were few casualties but numerous houses were inundated and damaged.

The tail of the typhoon struck Tokyo this morning. Several thousand houses in the low-lying sections were flooded. Thirty children were injured when the roof of a school house was blown off.

**United Gas Co.**  
**Increases Capital**

By Associated Press.  
Philadelphia, Sept. 15.—Stockholders of the United Gas and Improvement Company at a special meeting today agreed to increase the authorized capital stock from 2,000,000 shares of the par value of \$50 each to 2,120,000 shares of like par value.

## KERENS MAN DIED EARLY WEDNESDAY; NATIVE OF COUNTY

Special to the Sun.  
Kerens, Texas, Sept. 15.—Ray Conter, aged 34 years, died suddenly Wednesday, September 14, at 3 a. m. at his home here. He had been in ill health for the past several months and recently had suffered from heart trouble. Funeral services were held at the family home Wednesday afternoon at 2 o'clock, with interment in the Kerens cemetery. Services were conducted by Rev. Joe Everheart, pastor of the Kerens Presbyterian church.

## PRICE SCHEDULE FOR THREE STATES POSTED WEDNESDAY

By Associated Press.  
Dallas, Texas, Sept. 14.—The Magnolia Petroleum Company today announced new prices on crude oil in Oklahoma, Kansas and Texas effective today which represents increases ranging from nine to fifteen cents for varying grades.

For oil of 30 to 30.9 degrees Baume the increase is nine cents, for 31 to 31.9 degrees thirteen cents, for 32 to 32.9 and 51 degrees and above fifteen cents.

The new scale of prices ranges from \$1.60 per barrel for 52 degrees and above gravity downward to \$1.05 for oil under 30 degrees.

The new price list was said at the Magnolia office merely to make the amount offered by that company the same as what other companies were already paying. Although it increased previous quotations by the Magnolia it was not above those of others buying.

## Local Price Boost Posted Wednesday

New Prices for crude oil were posted by the Magnolia Pipe Line Co. effective September 14. (Wednesday) at 7 a. m. amounting to approximately fifteen cents a barrel for all grades from 30 to 52 degrees gravity.

The new schedule of prices were a part of the general advance on crude prices made by the Magnolia in the majority of the mid-continent fields.

## CITY BARN BURNS WITH LOSS \$6,000; INSURANCE CARRIED

Fire, thought to be due to spontaneous combustion, destroyed the city barn on the Chaffield road about a mile northeast of Corsicana about eight o'clock Tuesday evening. Feed supplies for the street and sanitary departments for the coming year were stored in the building, and a total loss of \$6,000. The loss on the feed and barn is estimated at \$6,000.

No water was available for fighting the blaze and the efforts of the fire department were restricted to saving the vehicles and harness in the barn. No livestock was hurt.

Included in the feed supplies were forty tons of hay valued at \$400, and about 4,000 bushels of oats, which were purchased recently for the coming year. About \$1,000 of their feed stuff was in the barn making the feed loss about \$3400.

The barn was erected about two years ago at a cost of more than \$2,000 and some additions had been made to the building since that time. Total loss on the building was estimated at \$2,600, making the total loss \$6,000. The building was insured for \$17,000 and the contents for \$35,000, making total insurance \$52,000.

The blaze from the fire was seen in all parts of the city and within a few minutes after the alarm was sounded in the road was blocked for more than a half mile past the scene of the fire, and the fire-trucks experienced great difficulty in returning to the station.

## ONE WOMAN DEAD TWO OTHERS WERE SERIOUSLY INJURED

By Associated Press.  
Galveston, Texas, Sept. 13.—Mrs. Christina Felderhoff, aged 66, was killed, and Miss Rose Felderhoff, aged 23, and Sister M. Conisa, aged 23, were seriously injured when their automobile was struck at a grade crossing thirteen miles west of Galveston about 9:30 o'clock this morning by a Missouri, Kansas and Texas passenger train.

A fourth occupant of the car, Sister M. Chandra, aged 32, was not injured.

All members of the party were residents of Muenster, Cooke county.

**Don't blame the public for not knowing them—Advertise.**

## NEW FEED STORE WILL OPEN SATURDAY ON EAST COLLIN

Saturday will be opening day for the Quality Feed and Flour Company in Corsicana and as a means of getting acquainted the owners of this new business will give all visitors Saturday a suitable souvenir.

The Quality Feed and Flour Company is composed of R. H. Farley, formerly of Waco, Tex., but now living in Corsicana, and who will have active management of the new company and R. E. Nix, a Waco feed man, but who will continue to reside in Waco.

John T. Rogers, an experienced miller, who has resided in Navarro county a number of years will be connected with this firm.

The location is in the old C. R. Terry & Son warehouse near the Southern Pacific tracks on East Collin street.

## MAN IN HOSPITAL HERE UNABLE GIVE NAME OR HISTORY

A request to the general public has been made by Miss Augusta Helm, secretary of the United Charities for information regarding an unknown man being cared for by that organization at the Navarro County Hospital.

The man, 44 of medium size, slender, has blue eyes and brownish gray hair. He appears to be about 70 years old. His hair looks as though his head might have been shaved recently.

He is seemingly carefree, but is uncertain as to whether or not he has any relatives, and is unable to tell anything of his past life other than the fact that he spent his boyhood in Philadelphia. He thinks that his name is J. M. Miller and the old man was brought to Corsicana by a tourist who found him walking along the road, and he was taken to local hotel. The next day he was sent to the Navarro County Hospital, where he has been since Aug. 26.

Inquiries of charity organizations in nearby cities have failed to furnish any information, and Miss Helm is appealing to the public to help her in the case.

## BODY OF MATYSIAK, SHOT NEAR DAWSON, BURIED NEAR MEXIA

The body of Frank Matysiak, 21, who died in the Navarro county hospital Tuesday afternoon at 3:40 o'clock from gunshot wounds received late Friday night three miles east of Dawson at a dance, was forwarded to Mexia Wednesday at 11 o'clock and interment was made in Forest Glade cemetery near Mexia Wednesday afternoon at 2 o'clock.

Matysiak was shot through the chest, the bullet emerging under the shoulder blade. He was rushed to the hospital here for medical attention. He was shot with a 45 Colt automatic pistol at close range, it was stated. Albert McDade, negro, was arrested in connection with the shooting of the man.

It was stated that the wife of the deceased died only a few weeks ago.

Surviving are his parents, Mr. and Mrs. William Matysiak of Mexia R. 6, five brothers and six sisters.

Albert McDade, negro, who is charged with the shooting of the deceased, voluntarily surrendered to officers here late Monday and is in the Navarro county jail, formally charged with a complaint for murder. He was accompanied to Corsicana by Jeff Akers, landowner, on whose farm the trouble is alleged to have occurred Friday night.

## CORSICANA MEN INJURED AS TRUCK FALLS THRU BRIDGE

Hobson Sitton and Hardy Sittton narrowly escaped serious injury or death when the truck in which they were riding went through a bridge near Strawn. Hobson had a collar bone fractured and a deep gash in his face which required three stitches to close. Eight stitches were required for the lacerations on Hardy Sittton's face.

Both are reported resting well. Hobson is still in the hospital where he has been released from the hospital.

## Nation Named For Seats in League

By Associated Press.  
Canton, Sept. 15.—Canada, Cuba and Finland today were elected to fill the three vacant non-permanent seats on the Council of the League of Nations for three year terms.

## HOTTEST SEPTEMBER IN WEATHER HISTORY IN CENTRAL VALLEYS

By Associated Press.  
Chicago, Sept. 14.—The Mid-West looked in vain today for relief from the heat wave which the weather bureau has predicted will continue through Thursday.

Reports of many deaths and of rising temperatures which are making this month the hottest September in weather history came from all parts of the West Central States. Only four cities reported temperature under 90 degrees.

Eight deaths were reported here where the mercury touched 95 degrees, equalling the all-time record for September established in 1900.

The reading was 80 degrees at 10 o'clock last night, and beaches to were thronged until after midnight.

Many Illinois, Indiana and Missouri schools were closed due to the intense heat.

St. Louis and Nashville suffered loss estimated at \$15,000.

When the fire had been put out, Henry J. Cox, government meteorologist here, said the excessive morning after three hours of strong, unseasonable heat is due to a ridge against the flames, buildings stagnated condition of atmosphere, housing the following were in

## EDDY SUFFERED HEAVILY TUESDAY NIGHT FROM FIRE

By Associated Press.  
Eddy, Texas, Sept. 14.—The business section of Eddy was reduced in size by one-third today as the result of fire that Tuesday night destroyed four buildings, with a loss estimated at \$15,000.

When the fire had been put out, Henry J. Cox, government meteorologist here, said the excessive morning after three hours of strong, unseasonable heat is due to a ridge against the flames, buildings stagnated condition of atmosphere, housing the following were in

over the Central Valleys—an area from the Rockies almost to the Atlantic.

The wave of heat, however, has brought jubilation to farmers and bankers of the Mid-West because of its value to the ripening corn crop.

Four Deaths St. Louis.  
By Associated Press.  
St. Louis, Sept. 14.—Deaths attributed to the heat wave here increased to four today. The maximum yesterday was 97 with indications that mark would be reached again today.

## WHITE MAN CHARGED WITH SHOOTING AT RURAL SHADE NEGRO

J. F. Combs, white man, made bond in the sum of \$500 on a complaint charging him with assault with intent to murder and bond of \$500 for carrying a pistol in Judge Sam H. Jordan's court late Tuesday in connection with the alleged shooting at Walter Carnish, negro, in the Rural Shade community in Wednesday morning.

The complaint was filed by the negro who alleged that the white man shot at him. The arrest was made by Deputy Sheriff Rufus Pevhons.

Read the Sun—get all the news.

### THREE UNMASKED BANDITS HELD UP PLANO BANK TODAY

By Associated Press.  
Plano, Texas, Sept. 15.—Three unmasked bandits robbed the Plano National Bank of a small sum of money shortly after noon today and escaped in an automobile on the Bankhead Highway toward Dallas.  
As they left the bank, one of the robbers fired a shotgun into a street rapidly filling with people, wounding Miss Alice Belle Hudson and Mrs. Rice Brown, neither seriously, however.  
While one man waited in the automobile, the engine of which was running, two men entered the bank and covered President J. H. Gilledge, C. F. Coleman, cashier; Miss Mattie Potts, teller, and Jimmy Coleman, bookkeeper, with shotguns.  
One of the robbers scooped money from the cashier's drawer, and the pair then ran, making no effort to get at the contents of the vault, bank employees reported.  
The man carrying the money seemed very nervous, and dropped part of the loot, believed to be small, as he gained the street.  
As the last bandit left the front door of the bank, Cashier Coleman ran from the rear door and sounded the alarm.  
A farmer named Watts obtained his shotgun from a drug store where he had left it and fired several shots at the automobile. He said he believed he hit one of the men.  
The man who wounded the two women was described as of slight stature, about 20 years of age and dressed in a gray suit.  
Bank officials were unable to say how much money the robbers secured, but insisted the amount was small.  
Bank officials later estimated the loss at about \$100. Larger sums available in the vault were untouched, they said, when the robbers seemed suddenly to take alarm at persons passing in front of the bank and fled.

**Dallas Officers Join Chase.**  
By Associated Press.  
Dallas, Texas, Sept. 15.—Four automobiles loaded with officers armed with sawed off shotguns, left here in the direction of Plano after word of the bank robbery there was received.  
Telephonic dispatches to the police here said that the sedan in which the robbers left Plano was believed to have been sighted near Richardson, and to have turned at that city toward Sherman.

**Denison on Lookout.**  
By Associated Press.  
Denison, Texas, Sept. 15.—Police here today received word that a bank at Plano was robbed shortly after 1 o'clock. The amount of the loot cannot be given now, it was said. Three men driving a large sedan drove away at a fast clip after the holdup. Police here said the car answers a description of the automobile used by the bandits who robbed the Pfeiffer Jewelry Company, of Parsons, Kansas, Monday.

### PRIDE OF DETROIT WILL NOT ATTEMPT HOP OVER PACIFIC

By Associated Press.  
Tokyo, Sept. 15.—Public opinion and the pleading of loved ones at home brought to an end the round-the-world flight of the mo-

noplane, Pride of Detroit here today.  
Edward F. Schlee and Walter S. Brock, co-pilots of the famous craft that set out from Harbor Grace, N. F., on August 27, to beat the record in circling the earth, feared no danger or obstacle that fate or the elements could offer them. They braved storms, heat, and erratic tropical winds.  
They were delayed by red tape in Turkey and flew over war-torn China and the jungles of Burma and Siam. They went through a typhoon and tidal wave in Japan unscathed and showed up at Katsuragi in a rainstorm, smiling.  
At Tokyo they were told by aviation authorities and their own agent, J. V. Walker, that it would be suicidal to attempt to fly across the Pacific ocean. Still they persisted.  
Then the fliers began to read

the scores of cablegrams that had come for them in care of the American Embassy. These contained threats, warnings, advice and supplications against making the hop. Among them was one from the Schlee children of Detroit, asking their father to consider them before he tried to fly over the Pacific. He weakened. Brock emerged from a lengthy conference on the subject downcast and Schlee emerged in tears and announced the flight was off.  
Brock and Schlee will sail from Tokyo next Saturday for San Francisco. The Pride of Detroit will go along in the hold of the ship. The disappointed aviators will at least fly back to their home making the trip from San Francisco by air.  
Even in stopping here, the fliers made an excellent record. They flew more than 12,000 miles

in 19 days. They had nine and one-half days more in which to break the world's record of 28 1-2 days.

### Wives of Flyers Were Jubilant

Detroit, Sept. 15.—Two worried wives today were jubilant over the decision of Edward F. Schlee and his pilot, William S. Brock, to abandon their globe girdling tour at Tokyo.  
"I am overjoyed," said Mrs. Schlee when she was told of the cancellation of the remainder of the flight. "It is what I have been hoping and praying for."  
Mrs. Brock, whose husband has been at the controls of the Pride of Detroit most of the time since the world tour started, was equally expressive of relief.

### BOY DIES RESULT ATTACK OF SPINAL MENINGITIS HERE

Douglas Wilburn Jeffress, 15-year-old son of Mrs. A. C. Jeffress, 209 North Thirteenth street, died at the family home Wednesday night at 6:30 o'clock after about twenty-seven hours' illness with spinal meningitis. The funeral will be held at Oakwood cemetery Friday morning at 10 o'clock, where interment will take place. The funeral services will be conducted by Rev. J. Howard Williams, pastor of the First Baptist church, and Rev. Paul J. Merrill,

pastor of the First Christian church.

Surviving are his mother; father, A. C. Jeffress, Kansas City, and the following brothers and sisters: Jim Jeffress, Independence, Kansas; Mrs. Baxter, Oklahoma; Miss Annie Lena Jeffress, Ralph Jeffress, Ernest Jeffress and Harry Jeffress, all of Corsicana.

The active pallbearers will be Roy Walker, Robert Cason, Carl Curington, W. B. Humphries, Billy Murchison and Ewell Bingham. Honorary pallbearers will be all members of the local De Molay chapter and L. C. Couson, Hugh Bryant, Hubert Cooksey, George Carson, S. H. Bryan and A. P. Simpson.

## ANNUAL SESSIONS OF BAPTIST WOMEN'S AUXILIARY OPENS

Annual session of the Women's Auxiliary of the Corsicana Missionary Baptist Association was held in the First Baptist Church Tuesday and Tuesday evening. Nearly a hundred members of the organization attended the meeting. A luncheon was served at the church at the noon hour by the ladies of the First Baptist church.

Officers of the auxiliaries are Mrs. George Miller, Corsicana, president; Miss Alberta Croft, Corsicana, corresponding secretary; Mrs. W. H. Milam, Corsicana, recording secretary; Mrs. Miller presided at the session, Tuesday.

Reports from the association, which comprises Navarro county, showed that the organization had grown considerably during the past year, and that the greater part of the program set out by the auxiliary had been accomplished. Among the visiting officers of the state and district organizations were Mrs. W. A. Wood, district president of the Auxiliary, Waco, and Mrs. J. H. Weatherly, Hubbard, state chairman of Mission Study.

The meeting was opened with a devotional service led by Mrs. F. A. Tipton of Blooming Grove. Mrs. C. A. Middleton of the First Baptist church welcomed the visiting delegates, and the response was made by Mrs. G. C. Herrin of Dawson. Visiting pastors and state officers were then introduced to the assembly.

Mrs. George Miller, president of the auxiliary, then delivered the annual president's address. Mrs. Miller stressed the motto which has been adopted for the coming year, which is "The Master is coming, and watch for him."

Reports Are Heard.

Following a musical number on the pipe organ by Mrs. Paul B. Harper, the reports of the different county organizations were read, which showed a good increase in numbers and efficiency. Mrs. W. B. Bagby, missionary from Brazil, was scheduled to make an address at the morning session but failed to arrive. Mrs. W. A. Wood of Waco brought a message from the district organization, and conducted a round-table in the problems which confront the various groups.

Luncheon was served the visitors by the ladies of the First Baptist church.

At the afternoon session missions and mission study were the principal problems. The report of the corresponding treasurer, Miss Alberta Croft, was followed by the report of the mission study leader, Mrs. Addie Davis of Pardon.

Plans of the state organization for mission study were presented by Mrs. J. H. Weatherly, Hubbard. Other subjects discussed during the afternoon were missions, education, benevolence, stewardship, young people's work, personal service and publicity. The election of officers was held late Tuesday afternoon.

The session closed Tuesday evening with a young people's program under the leadership of Mrs. O. B. Albritton.

Among those attending the session Tuesday beside Corsicana members, were:

Blooming Grove: Maurine Kellogg, Ruth Tipton, Mrs. R. B. Grady, Mr. and Mrs. F. A. Tipton, and Mrs. C. L. Fuller. Pardon: Mesdames H. C. Russell and C. A. Mitchell. Mildred: Mesdames J. A. Brown, W. J. Ware, R. K. Carr, Claude Strother, Mr. and Mrs. C. B. Jinks, and Mr. and Mrs. A. G. Evans. Frost: Mr. and Mrs. N. L. Range, Mesdames G. M. Patterson, Thelma Brown, Ross Brown, Clifford Matlock, Lucille Mitchell, Andy Calhoun, J. W. Matlock, John Slay, Allison Merrill, George Morgan and Ed Sheppard.

Kerens: Mesdames L. C. Mabry, L. H. Carroll, W. D. Arnett, Walstein Smith, E. H. Norton, T. V. Crowley and A. L. Bain.

## WEAK, NERVOUS

Georgia Lady Could Not Sleep Nights, But After Taking Cardui She Was "Like a Different Person."

Comer, Ga.—Mrs. C. H. Smith, of this place, related the following interesting experience:

"I was weak and nervous and run down. I couldn't sleep at night. I felt tired and not in condition to do my work. I had Cardui recommended to me, but always thought I could out-do most sickness, but this was one time I needed help. I was so weak I could hardly lift my hand."

"I can't express how bad I felt. I know I improved after taking Cardui. I was like a different person. I was built up and was stronger and better than in a long time."

"I have a young daughter who had the 'flu' and after she got up she would once in a while have such severe cramping spells, just suffer terribly. I knew there was a weakness and, hoping Cardui would reach this trouble, I had her take it, and the first bottle helped her so much she was able to leave it off and does not have this trouble now."

Cardui has been in use for more than 50 years. Purely vegetable, mild, harmless. At all drug stores. NC-178

**CARDUI**  
VEGETABLE TONIC

J. S. Hickey, superintendent of the State House, returned Tuesday from a business trip to Austin.

## LARGE ATTENDANCE ON MEETING BAPTIST ASSOCIATION HERE

More than two hundred messengers from the various churches comprising the Corsicana Baptist Missionary Association attended the opening sessions of the annual two-day meeting of the Association at the First Baptist church Wednesday. The sessions will continue Wednesday evening and all day Thursday. J. A. Miller, moderator of the Association for the past three years, presided at the opening session.

At the election of officers during the morning meeting, the following were elected to serve for the coming year: Moderator, Rev. E. L. Liddell, Corsicana; vice moderator, Rev. F. A. Tipton, Blooming Grove; clerk, Rev. W. D. Wilbanks, Roane; treasurer, Joe Jefferson, Corsicana; corresponding secretary, Dr. J. Howard Williams.

Among the visitors at the Wednesday meeting were: Rev. Alvin Swindell, pastor of the First Baptist church of Hillsboro, and moderators of the Hill County Association, Prof. Jeff Ray and wife of the Baptist Seminary, Fort Worth; Evangelist Perry Evans, representing Buckner Orphans' Home, Dallas; Evangelist McKinley Norman, Dallas, and Rev. J. M. McCall, pastor of the First Baptist church at Mt. Calm.

Officers of the Woman's Auxiliary elected at the afternoon session of the Auxiliary Tuesday were: President, Mrs. George Miller, Corsicana; corresponding secretary, Mrs. F. A. Tipton, Blooming Grove; recording secretary, Mrs. E. J. Lindsey, Corsicana; assistant recording secretary, Mrs. F. H. Milam, Corsicana; Young People's leader, Mrs. L. Humphreys, Mildred, and personal service superintendent, Mrs. J. B. Smith, Jr., Kerens.

The sessions were opened Wednesday morning with a song service led by Paul Harper with Miller at the piano. The opening devotional meeting was conducted by Rev. F. A. Tipton pastor of the Blooming Grove Baptist church.

Following the devotional, the letters from the various churches reporting the work of the past year were read. The majority of the churches showed a material increase in the number of members and the amount raised for various purposes. This was followed by the election of officers.

Rev. A. C. Donath, pastor of the Baptist church at Angus, sang a solo, "I Am Satisfied With Jesus; Is He Satisfied With Me?" accompanied by Mrs. Paul Harper.

The annual sermon was delivered by Rev. N. L. Range of Frost. The sermon ended the morning session.

Luncheon was served all of the visitors by the ladies of the First Baptist church.

A chalk talk, accompanied by an interpretative reading by Miss Susie McCall of Mt. Calm, composed the devotional for the afternoon session. Following the devotional, the visitors and new preachers were introduced to the association.

The afternoon program consisted of the explanation of the cooperative program of the church which will be put into effect during the coming year. Each of the sub-divisions of the subject were discussed by different pastors of the association, and additional information on the program was presented by Dr. A. A. Duncan of Dallas, assistant secretary to the general assembly of the State Convention. Those taking part on the program were: "State Missions," Rev. N. L. Range, Frost; "Home Missions," Rev. W. D. Wilbanks, Roane; "Foreign Missions," Rev. R. E. Bass, Kerens; "Sanitariums," Rev. D. R. Cartledge, Barette; "Old Minister's Relief," Rev. F. A. Tipton, Blooming Grove; "Schools and Seminaries," Rev. A. C. Donath, Angus, who is a volunteer for the African mission field.

At 4:30 the association adjourned until the evening service. A called meeting of the executive board of the association was held after the adjournment of the regular session.

The choir of the First Baptist church will furnish special musical numbers at the Wednesday evening service.

At the final sessions of the Women's Auxiliary Tuesday evening, a special program was presented, showing the work of the Auxiliary among the young people, consisting of a playlet under the direction of Mrs. O. B. Albritton.

## MUCH COTTON IS CONSUMED DURING MONTH OF AUGUST

By Associated Press. New York, Sept. 14.—Cotton prices soared more than \$3 a bale in late dealings on the New York Cotton Exchange today on a bullish government cotton consumption report, carrying the gain to \$6.50 a bale above the low quotations yesterday.

By Associated Press. Washington, Sept. 14.—Cotton consumed during August totalled 633,434 bales of lint and 73,957 oflint compared with 569,250 at lint and 69,106 oflinters in July this year and 599,553 of lint and 73,532 oflinters in August last year, the census bureau announced today.

J. W. Hawkins, superintendent of the L. O. O. F. Home was in Austin Monday and Mrs. Hawkins visited in Waco.

Chic!

Here are four distinctly different types of millinery. They show how complete and up-to-date our stock is.

Soleil

—Fashions the clever little cloche Hat above. In smart black.

Velvet Toques

—Are very popular especially when worn with a chic nose veil. In rose, brown and beige.

Youthful

—And always becoming is the velvet Hat trimmed with stitching.

The Turban

—Is most fashionable when made of felt and trimmed with hackle feathers.

J. M. Dyer Co.

"ONE PRICE TO ALL"

## Women's Better Grade Fall Frocks \$28.75

Specially Priced.

The influence of the new mode is seen in the new skirt flares, rippling jabots, French pleatings, unusual sleeves. Velvet is used with georgette, crepe satins and Canton crepes are practical and smart. In rich tans, brown, blue and black. 36 to 44.

## Colored Chiffon Velvet \$5.00 Yard

Lustrous panne finish

Beautiful material and very fashionable this fall. For day and evening frocks and wraps. Colors:

Navy  
Peach  
Orchid

Salmon  
Coral  
Zinc gray

Turquoise  
Old Rose  
Pink

## Extra Heavy Satin Crepe \$3.00 Yard

Soft, fine quality fabric, durable as well as fashionable. 40 inches. Important colors, including:

Navy  
Black  
White  
Jungle  
Orchid  
Malaga

Pineapple

Tawny Birch  
Marron glace  
Pompeian red  
Jade

Sand Bark  
Pelican gray  
Canton Blue  
Mothergoose  
Napoleon blue

## Heavy Satin Crepe

Handsome, heavy jet-black. 40 inches wide. A special value.

\$2.50 Yard

## Two Season Satin

Black. Excellent quality cotton back. 36 inches wide.

\$1.75 Yard

## Black Satin Crepe

Extra heavy black satin crepe. 40 inches.

\$3.50 Yard

## Our Policy of "One Price to All"

Favoritism to any purchaser is discriminating against all other customers. A store cannot maintain one price and two treatments for its clients. We sell all goods, at all times, as cheaply as maximum volume and minimum handling charges permit. Margins of profit are kept so low that concessions to particular groups are not justified. You surely can't expect more than THE MOST FOR THE MONEY. That we can promise and do deliver, three hundred days in the year. Folks who demand an inside track must follow a path that does not reach to our doors.

## Get More Money From Your Cotton

We have in operation at our modern gin plant, the famous HANCOCK COTTON PICKER which adds from \$2.50 to \$12.50 to the value of every bale put through it.

The HANCOCK improves the grade of field picked cotton and makes picked cotton out of snags and bolls. Its work has created a sensation everywhere because it is a COTTON PICKER at THE GIN! There's nothing else in the world like it; no other machine has ever approached its class of work.

In addition to the HANCOCK COTTON PICKER, our gin plant is of the famous Murray Loos-toll, High-Speed, Air-Blast type—which means it's the very last word in modern gin equipment.

Bring Us Your Cotton—It'll Mean Money in Your Pocket. A trial will convince you.

# PROPOSAL FOR REUNION OF BLUE AND GRAY FOR JOINT GATHERING IS OPPOSED

Grand Rapids, Mich., Sept. 13.—The move to hold a joint reunion of the Blue and the Gray is a growing topic of discussion among members of the Grand Army in reunion here, but the proposal seemingly is meeting active opposition in the administration. It is proposed that there be one more encampment of the G. A. R. and that encampment be a joint reunion of the remnants of the Blue and Gray.

Late yesterday as the lobby of the hotel here where the veterans are making their headquarters was jammed with Grand Army members, a woman stepped to the balcony and placed a cornet to her

lips. The next moment the strains of "Dixie" went out over the heads of the old warriors. There was an amazed silence for a moment, and the name of the old rebel air ran from lip to lip. When the last note died away there was a roar of cheers, old, gold-corded hats were in the air and blue and gold-buttoned sleeves were waving.

The bugler was Mrs. Mabel Kline of Reading, official bugler for the Woman's Relief Corps and "Dixie" was an experiment to see what the reaction might be in the ranks and file.

The first business session of the convention will be held Thursday morning.

## Notice OF HEARING ON PETITION FOR THE ISSUANCE OF ROAD BONDS BY ROAD DISTRICT NUMBER TWO OF NAVARRO COUNTY, TEXAS.

THE STATE OF TEXAS, COUNTY OF NAVARRO.

To the resident property taxpayers voters of Road District Number Two of Navarro County, Texas, and to all persons concerned:

TAKE NOTICE that a Petition signed by H. C. Russell and 64 other persons, as resident property tax paying voters of Road District Number Two of Navarro County, Texas, has heretofore been submitted to the Commissioners' Court of Navarro County, Texas, wherein such petitioners pray the Court for an Order for an election to determine the following proposition:

WHETHER or not the bonds of Road District Number Two of Navarro County, Texas, shall be issued in the total principal sum of One Hundred, Thirty Five Thousand (\$135,000.00) Dollars, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads, turnpikes, or in aid thereof, within Road District Number Two of Navarro County, Texas, as created and established on the 29th day of August, 1927, and which bonds are to bear interest not exceeding five per cent (5 per cent) per annum, and are to be issued in such denominations and payable at such times as may be deemed most expedient by the Commissioner's Court of Navarro County, Texas.

And whether or not ad valorem taxes shall be levied on all taxable property within said Road District Number Two of Navarro County, Texas, for the purpose of paying the interest on said bonds for the said sum of One Hundred, Thirty Five Thousand (\$135,000.00) Dollars, and provide a sinking fund for the redemption or payment thereof at maturity;

AND FURTHER TAKE NOTICE that the aforesaid petition stipulates that if the said bonds for the construction, maintenance and operation of macadamized, graveled or paved roads, turnpikes, or in aid thereof, within said Road District Number Two of Navarro County, Texas, for the principal sum of One Hundred, Thirty Five Thousand (\$135,000.00) Dollars, are voted and issued, that the money received from the sale thereof be applied to the construction of roads as follows:

ROAD NUMBER ONE, known as the Corbet-Purdon Road: Beginning at a point in the common boundary line of Consolidated Road District Number One of Navarro County, Texas, and Road District Number Two of Navarro County, Texas, between Corbet and Purdon, which point is to be determined by the Commissioner's Court of Navarro County, Texas, said point being the Southern extremity of Lateral Road Number Two in Consolidated Road District Number One of Navarro County, Texas, and running thence by Jester through the town of Purdon to a point on Richland Creek in the boundary line of Road District Number Two, between Purdon and Dawson, which point is to be determined hereafter by the Commissioner's Court of Navarro County, Texas; said road to be built according to Standard Specifications, and to be constructed of reinforced concrete not less than 9 feet wide. That the sum of One Hundred, Twenty-One Thousand, Six Hundred (\$121,600.00) Dollars, out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said Road.

ROAD NUMBER TWO, known as the Purdon-Pursley Road: Beginning at the point in the town of Purdon where this Road Number Two, known as the Purdon-Pursley Road, intersects Road Number One, known as the Corbet-Purdon Road, and running thence in a Southernly direction with said Purdon-Pursley Road to a point on Richland Creek in the South boundary line of Road District Number Two of Navarro County, Texas; said road to be built according to Standard Specifications, and to be constructed of gravel, not less than 12 feet wide. That the sum of Five Thousand (\$5,000.00) Dollars, out of the funds received from the sale of the above mentioned bonds, be apportioned and set aside for the construction of said Road.

ROAD NUMBER THREE, known as the Purdon Lane Road: Beginning at the point in the town of Purdon, where this Road Number Three, known as the Purdon Lane Road, intersects Road Number One, known as the Corbet-Purdon Road, and running thence in a Northernly direction, with said Purdon Lane Road approximately two and one-tenth miles; said road to be built according to Standard Specifications,

## 12,909 BALES COTTON GINNED NAVARRO COUNTY

There were 12,909 bales of the 1927 cotton crop, counting round bales as half bales, ginned in Navarro county prior to September 1, as compared with 738 bales at the same time last year, according to figures released today by R. M. Albright, government statistician.

## ADJOURNED SESSION OF COMMISSIONERS IS HELD THURSDAY

At the adjourned session of the Navarro county commissioners' court held Thursday morning at 10 o'clock, the purchase of one grader and two tractors was consummated, the ordering of a new county map and the ordering of the printing of the annual report of the county auditor came up for consideration and action.

Jack Megarity, Commissioner of Precinct 1, purchased one Adams Plain Wheel grader for \$1,830. He also purchased a 60-horsepower tractor for \$5,267. Commissioner Ruben Milligan of Precinct 2 purchased a rebuilt and reconditioned Holt 10-ton tractor for \$2,000.

The proposition of W. M. Elliott for the making of a new county map, four sets, in wall cases, roller type, including commissioner, precinct, voting, road and school precincts and districts, was accepted for \$750. The map will be copyrighted and assigned to the county.

Attorney W. P. Dumas was instructed to get the opinion of bond attorneys on the \$350,000 bonds recently sold of Consolidated Road District No. 1, at a fee of \$300.

The annual report of J. M. Tullis, county auditor, was ordered printed one time in the Corsicana Daily Sun and one time in the Corsicana Semi-Weekly Morning Light for \$200.

Commissioner Megarity was instructed to have the boiler at the heating plant inspected and tested out at once so that if it was necessary to make repairs, it could be done before the winter season begins.

Commissioner D. T. Collins of Croyer Creek was not present.

## MURDER CHARGES WILL BE FILED IN DEATH YOUNG GIRL

By Associated Press. Enid, Okla., Sept. 15.—Murder charges were filed here today against Mary Atkinson, 26-year-old trained nurse in connection with the death of Mary Jane Bailey, 18-year-old daughter of the Rev. Charles Bailey, rector of the Episcopal church here.

By Associated Press. Enid, Okla., Sept. 15.—Murder charges will be filed at about 3 o'clock this afternoon against Mary Atkinson, young nurse, in connection with the poisoning of Mary Jane Bailey, 18-year-old daughter of Charles Bailey, rector of St. Matthews Episcopal church here. Dan Mitchell, Garfield county attorney, said today.

Mitchell said Miss Atkinson's arraignment would follow within half an hour after the charges had been filed.

The charges against the nurse are based on the discovery by W. H. Bailey, Oklahoma City pathologist, of poison in the girl's viscera, and a mass of evidence adduced from members of the rector's family, physicians who attended Miss Bailey in her fatal illness and letters which were exchanged between Miss Atkinson and the rector indicating officials said, that Miss Atkinson was in love with the Rev. Mr. Bailey.

## NAVAL AVIATOR IS DROWNED AS PLANE FALLS INTO WATER

By Associated Press. San Diego, Calif., Sept. 15.—J. K. Kruger, aviation pilot, United States Navy, attached to the fleet air service, was drowned when his plane fell into San Diego bay today.

Aviation pilot E. L. Hayne who was also in the plane was rescued by speed boats.

## You Can Get It In Corsicana.

test the calling of such proposed bond election; and all persons interested shall have the right to offer testimony to show that said petition should, or should not, be granted, and that the election prayed for should, or should not, be ordered.

WITNESS MY HAND AND SEAL of the Commissioners' Court of said County, affixed this 12th day of September, 1927.

(Seal) FRANK R. YOUNG, County Clerk and Ex officio Clerk of the Commissioners' Court of Navarro County, Texas.

## UNITED STATES IS TOLD PLAINLY WHAT FRANCE DESIRES

By Associated Press. Washington, Sept. 15.—Rejection of French proposals for commercial treaty negotiations with the United States on a basis of reciprocity was foreshadowed in an authorized statement at the State Department today, that the Washington government could not under existing law negotiate on that basis.

The statement was made in advance of receipt of any report from the Embassy in Paris on the reply today by the French Foreign Office to the request that treaty negotiations be undertaken on a most favored nation basis.

By Associated Press. Paris, Sept. 15.—The French reply to the American representations concerning the new French tariff rates proposes to accord American commodities a fifty per cent reduction of the general tariff now effective to hold during negotiations for a commercial treaty between France and the United States. Since the general tariff is four times the minimum rate, American products thus would have to pay twice that assessed on imports from Germany and other countries with which France has commercial treaties.

By Associated Press. Paris, Sept. 15.—France asks the United States for reciprocity in the complete sense of the word as the only acceptable basis for a tariff treaty between the two countries.

In a note replying to American representations concerning the new French tariff schedule, the French Foreign Office today set forth the French conception of reciprocity as the condition for entering upon fruitful negotiation of a tariff treaty.

Nothing less than the present high rates in force are offered until the American reply to this note shall be received. When a reply from the United States is received that the American government is ready to begin such discussions, then the French government will substitute for the present scale a modified schedule giving American goods considerably lower rates but not up to the limit of those granted to countries with which France has commercial treaties, notably Germany. So far as known, Germany was not specifically mentioned, but that was the effect of this paragraph of the French reply.

The impression in both French and American circles was that the note was simply the first step in opening what are likely to be prolonged treaty negotiations. In the Ministry of Commerce the feeling apparently was general that such an agreement could not be concluded in less than three or four months.

The note, which was not made public but was immediately cabled to Washington, was handed to Sheldon Whitehouse, American chargé d'affaires who called on the Foreign Office by appointment. He was met by M. Arual, a high official in the economic department, who delivered the note of three typewritten pages, explaining verbally some of the features of the reply.

By Associated Press. Washington, Sept. 15.—French rejection of American proposals to negotiate a commercial treaty between the two countries on a most favored nation clause basis may be followed by similar rejection in Washington of French suggestions for negotiation of a reciprocal treaty arrangement.

On the basis of press accounts as to what the French reply contained, officials took a gloomy view of the possibility of adjusting differences over the new French tariff schedules at an early date.

If the French communication is a demand that the treaty negotiations be based upon complete reciprocity indications are that the Washington government will reply that it has no authority to negotiate tariff schedules which are fixed by congress. The only authority granted by the tariff act is for negotiation of commercial treaties on the most favored nation basis. This basis provides that the United States would be granted the same treatment granted any other nation.

Whether the Washington government might invoke the powers conferred on the President by the tariff act to impose penalty duties up to 50 per cent upon goods imported from these countries which practice tariff discrimination, to place an absolute embargo against such importations, officials did not care to predict. It was said, however, that the new French tariff schedules were discriminatory against the United States and that France alone has discriminatory duties of this character which apply to American goods.

## Yearling Prices Reach New High

By Associated Press. Kansas City, Sept. 15.—Choice yearlings averaging 147 pounds sold here today for \$14.75 a hundred a new top for the year, and the highest price since October 1925.

Special Session Opposed. Washington, Sept. 15.—Speaker Longworth voiced his opposition to a special session of Congress in a conference today with President Coolidge.

"Corsicana Has It."

Children's Oxfords in Black and Tan Calf at—\$1.75 to \$4.00 Pair

## MARKS BROS.

## LEADING RAILWAY ATTORNEY DIED IN AUSTIN WEDNESDAY

By Associated Press. Austin, Texas, Sept. 14.—N. A. Stedham, 73, railroad attorney and former member of the State Railroad Commission died here today. Judge Stedham studied law in Washington and Lee University. Later he served as Harrison county attorney and as district attorney of the district embracing that county.

He was also district judge in Tarrant county before he became a railroad commissioner. Later, he became a general attorney for the International & Great Northern railroad where he served until 1908, when he became attorney at Austin for all the principal railroads in Texas. He retired from the latter work in 1919 and has been mostly in private practice since. During the period around 1912, he was a member of the Texas University Board of Regents.

## CORSICANANS ARE ON COMMITTEE FOR RAISING DEFICIT

By Associated Press. Waxahatchie, Texas, Sept. 15.—Completion of a campaign started last year among the Presbyterians of Texas Synod to raise \$18,000 to care for an accumulated deficit at Trinity University will be undertaken immediately. It was announced following a meeting in Dallas of the Synod's committee on Christian Education.

Efforts will be made to raise the remainder of the sum before the Synod meets in October. Dr. L. B. Gray of Ferris, Dr. H. B. Hudnut of Dallas, and H. D. Filers of Corsicana have been named as a sub-committee of the group to have charge of the campaign. Other members of the committee on Christian Education are the Rev. P. Martin Baker, Corsicana; A. C. Biggers, Dallas; Dr. R. E. Johns, Gainesville; the Rev. Everett B. King, Sherman; and Dr. S. M. Templeton of Rockwall.

lay and we can give much better  
service to our subscribers.

### TRAGEDIES OF THE AIR

Disaster at this moment appears  
again to have claimed the stakes  
in another aerial gamble. Airmen  
may resent the word gamble in  
connection with aviation but with  
the known fate of Old Glory and  
of others in transatlantic flight,  
the fact that chance looms big in such  
ventures is indisputable.

Lately these air argosies over  
the restless bosom of oceans have  
left a raven trail. A succession of  
them accentuates the sense of  
tragedy which the public experi-  
ences. Old Glory, with a name  
to thrill and a journey to chal-  
lenge admiration, has taken its  
place with the other aerial mys-  
teries which have accumulated so  
rapidly in recent weeks. Loss of  
the Dole flyers, of Redfern, of  
Nungesser and Gali, the St. Raphael,  
and other intrepid souls who  
have dared even though they lost  
is still fresh in the public mind.

It is not strange that persons  
should begin to ask that public  
authority take a hand in regulat-  
ing these hazardous flights. That  
is a natural reaction of the public.  
"There ought to be a law," says  
the man of the street and still  
law will not cover everything.

Once it is determined that the  
recent aerial tragedies were the  
result of something that might  
sensibly and effectually regulate  
it will be timely to think of law  
as a preventative of disaster. But  
there is no certainty in the case  
of many air ventures that any-  
thing human could have prevented  
failure save a decision not to  
make the flight at all.

Headed by that dashing Lind-  
bergh and followed by Chamberlin  
and later by Byrd, air crossings  
of the Atlantic have been demon-  
strated as realities. Perhaps un-  
der precisely the same conditions,  
the subsequent ventures which  
failed might have succeeded. Man  
has gone a tremendous way in  
mastery of the air, but there are  
some things about ocean flights  
which remain hidden secrets and  
these may be the murderous hands  
that send airships to the depths.  
Little enough seems able to be  
done to better the situation save  
more pioneering, more experi-  
menting, more research and more sci-  
ence. Happily for the human race,  
it has champions who have cour-  
age to risk all in forwarding one  
of the great means of transporta-  
tion.

### REAL DIVORCE REFORM.

French promise to take effective  
measures to prevent the abuse of  
their courts by American divorce  
seekers has apparently been made  
good by a reform instituted at  
Paris. American divorce suits  
henceforth will be heard in a spe-  
cial section of the Civil Tribunal  
and will come before a jurist who  
has a thorough knowledge of the  
English language and an exhaus-  
tive acquaintance with the statutes  
of the various states.

French courts have acted hereto-  
fore on two general rules in Amer-  
ican divorce applications; the party  
bringing suit must be a bona  
fide resident of France and the  
cause for which divorce is sought  
must be one recognized as valid in  
the home state of the applicant.  
There has been notorious bad  
faith in the pretended compliance  
of many applicants on both these  
heads, in the matter of domicile a  
state of far requirements as to di-  
vorce has been more than once  
substituted for the real address of  
the petitioner.

Hereafter these cases will come  
before a man both determined and  
able to get the facts.

### WASH AND BE HEALTHY

In New York has been organized  
an institution with the avowed  
purpose of popularizing cleanliness.

It proclaims that it is prepared to  
make use of every agency for pub-  
licity and propaganda to make  
known the gospel of soap and wa-  
ter.

The movement has the backing  
of health authorities, physicians,  
educators, along with the manu-  
facturers of soap, for it is admitted  
that besides being akin to roddi-  
ness, cleanliness has important re-  
lationship to physical well-being,  
self-respect and mental and spiri-  
tual health.

Improvements in cleanliness and  
sanitation have about run parallel  
with increasing longevity through-  
out the ages. The sixteenth century  
didn't have much respect for soap,  
but the average length of human  
life in the sixteenth century was  
only about 18 or 20 years. This  
age, which, as compared to pre-  
vious periods of history, might be  
called the "bathub era," has  
brought the average length of life  
to 58 years.

"Cleanliness Institute" has a  
unique mission. If it succeeds in  
lessening the number of unwashed  
it will make a worthy contribution  
to civilization.

### IF DICKENS CAME BACK.

Charles Dickens visited the  
United States in 1842—less than a  
century ago. Of Pennsylvania he  
reported: "We have passed, both  
in the mountains and elsewhere,  
a great number of new settlements  
and detached log houses. Their  
utterly forlorn and miserable ap-  
pearance baffles all description.  
I have not seen six cabins out of  
600 where the windows have been  
whole. Old hats, old clothes, old  
boards, old fragments of blankets  
and paper, are stuffed into the  
broken glass; and their air is mis-  
ery and desolation. It pains the  
eye to see the stumps of great  
trees thickly strewn in every field  
of wheat, and never to lose the  
eternal swamp and dull morass,  
with hundreds of rotten trunks  
steeped in its unwholesome water."

This region is now one of the  
gardens of America—made so by  
those settlers too poor to buy glass,  
and by their descendants.

Of an Ohio road he wrote: "It  
is impossible to convey an ade-  
quate idea to you of the kind of  
road over which we traveled. I  
can only say that it was, at the  
best, a track through the wild for-  
est and among the swamps, bogs  
and morasses of the withered  
bush."

This road is now U. S. 21, run-  
ning through one of the richest  
farmlands in the world.

### TO MAKE ROADS SAFER

Highway authorities of several  
states plan a survey to determine  
why fatal accidents are increasing  
along trunk lines. Of course, pri-  
marily it is because there are more  
good roads and more traffic year  
by year.

Nevertheless there are a good  
many things that might be de-  
termined by a careful investiga-  
tion of highway conditions. One  
by one dangerous points are indi-  
cated by tragedies. It would be  
better to find them out before ac-  
cidents occur. There are many  
curves that are too sharp. There  
are too many intersections with-  
out proper warning signs. The  
discovery is made that many roads  
are sufficiently improved to per-  
mit rapid driving, and when two  
vehicles moving at from 35 to 60  
miles an hour approach an inter-  
section point at right angles death  
and destruction attend.

Road construction also has been  
the cause of accidents in many  
places. The survey should afford  
an opportunity to study the needs  
of the traveling public and best  
methods of making the highways  
both effective and safe.

Saturday was a busy day for  
Corsicana merchants. There was  
a big crowd in the city—the people  
had money to spend and they spent  
it. There is nothing like high  
priced cotton to start the dollar  
rolling.

These postal cards bearing the  
information "we are sleeping under  
blankets" have ceased to be a joke  
and this writer, for one, does not  
care to receive any more.

Continue to oil the mosquito.  
They will be with us until the first  
killing frost and that seems a long  
time off.

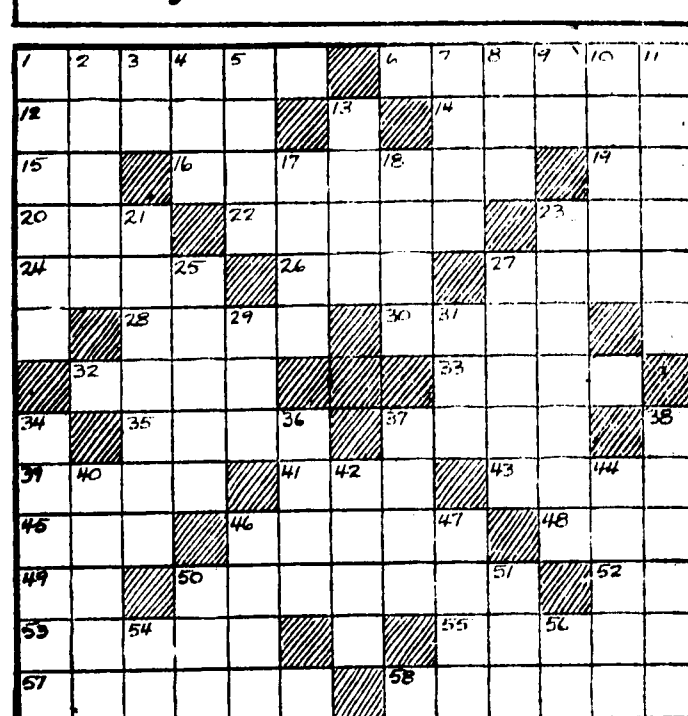

Somewhere, some place, it may  
be cool—but not in Corsicana.

To compliment a married wom-  
an tell her she doesn't look it.

Human nature never changes,  
but it often short-changes.

Extremes meet and get tired.

## Today's Cross-Word Puzzle

### HORIZONTAL

- 1—In what city is Mother Goose buried?
- 6—Who was the only pope of English blood?
- 12—What constellation is called the "Sword Belt"?
- 14—Name of a bird of prey.
- 15—What is the chemical symbol for selenium?
- 16—What is the name of the fourth book of the Pentateuch?
- 19—Doctor of Science (abbr.)
- 20—Doze.
- 22—Heavy cavalry sword.
- 23—Permit.
- 24—Object of worship.
- 25—Tatter.
- 27—What is the famous beach of Venice?
- 28—Slight cut or chip.
- 30—Bridge.
- 32—Portico.
- 33—What is the chief diet of the Chinese coolie?
- 35—Tavern.
- 37—Central figure of an epic.
- 39—Who was one of Cleopatra's handmaidens?
- 41—Beverage.
- 43—Vehicle on runners.
- 46—Sap of certain trees.
- 48—Divided barwise into an even number of parts.
- 49—Negative.
- 50—Avenue (abbr.)
- 51—Who slew the Medusa?
- 52—What is the chemical symbol for thallium?
- 53—Type of male voice.
- 55—Inclined to idleness.
- 57—What rank is bestowed upon a graduate of the Naval Academy?
- 58—Those who commit felonies.

### VERTICAL

- 1—What region associated with Herzegovina is now part of Yugoslavia?
- 2—What is the classical name of a mountain nymph?
- 3—Note of the scale.
- 4—Unit of weight.
- 5—Barden.
- 7—Defect.
- 8—In law, a thing.
- 9—Prefix; not.

Herewith is the solution to yesterday's puzzle.

**CROUCH FLOWER**  
**HELP OIL DIME**  
**AID MINUS TIP**

## YOU CAN BUY IT IN CORSICANA

## Hens Hens Hens

Now is the time to sell hens as  
they will be much lower after  
cotton is picked out. We will  
pay delivered Corsicana until  
Sept. 20th, 16c.

A. B. Walker & Son

## BABY'S COMFORT

ADDS TO YOUR COMFORT

Does the baby suffer from heat, chafing or eruptions  
these hot days? Read this letter from a druggist in Ohio.

"I think Johnson & Johnson's Baby Powder, Cream and  
Soap are far above similar products on the market.

"Early in July the temperature here went above 90 de-  
grees. My little girl received an application of Johnson's Baby  
Cream twice a day and a sprinkling of Johnson's Baby Powder  
several times a day and she was always comfortable and free  
from heat irritations."

The above preparations may be had singly or all three  
in a nice "Baby Gift Box" for \$1.00.

## CHARLIE WATLEY DIED HERE TUESDAY AFTER HEMORRHAGE

Charlie Watley, aged 72 years,  
died at his home, 311 West Sev-  
enth avenue, at 2:10 Tuesday after-  
noon as a result of a cerebral  
hemorrhage. Funeral services  
will be held some time Wednesday  
with interment in the Grady cem-  
etery near Bardwell, his old home.  
He is survived by three sons,  
Tom Watley, Bardwell; Robert  
Watley, Bardwell, and Bon Wat-  
ley, El Paso. Several grandchild-  
ren also survive.

His body was taken overland to  
El Paso Tuesday afternoon and was  
prepared for burial by the Keever  
Undertaking Co., at Ennis.

### COURT HOUSE NEWS.

From Tuesday's Daily:

District Clerk's Office.

Mike Howard, district clerk, who  
has been spending several days  
with his son, Dr. Rex Howard, at  
Port Worth, returned Monday.  
The following cases were filed:  
Effie Tate vs. Chas. H. Tate,  
divorce.

John C. Burch, et al. vs. Petro-  
leum Casualty Company, to set  
aside award of industrial accident  
board.

### Sheriff's Office.

Albert McDade, negro, of Daw-  
son, was released Monday on bond  
in the sum of \$1,500 on a complaint  
for assault with intent to murder  
in connection with the shooting of  
Frank Myteik, 24, of Mexia, three  
miles east of Dawson Friday night.  
He also made bond of \$300 on a  
complaint for carrying a pistol.

Sallie Price, negroess, was re-  
leased from the Navarro county jail  
Tuesday on bond in the sum of \$1,  
500 on a complaint for assault with  
intent to murder in connection with  
the shooting of Ozella Jeffries,  
negress, in an altercation on the  
East Side of Corsicana Monday  
afternoon.

### Assignments.

Mr. Smith was on his way to New York where he will take a special course with the Western Union.

L. R. Hall of Ennis was here Friday on business.

### BARRY

Special to the Sun.

Barry, Texas, Sept. 15.—Cotton picking and water hauling seem to be the leading occupations now.

Most farmers are hauling water for stock from deep wells at Barry.

The Woodruff brothers had a family reunion at the home of S. A. Woodruff Sunday in honor of Arthur Woodruff and family of Loleta who have been visiting in this community for the past few days.

Mr. and Mrs. W. T. Woodruff of Avalon attended the reunion here Sunday.

The ladies of the Methodist church gave an ice cream supper on the church lawn Saturday night.

Ice cold soda water, candy and cigars were served as well as home made cake and cream. A large crowd attended and a nice profit was realized from receipts of different things sold.

Mrs. T. C. Boswell left Sunday with her son C. L., who is moving with his family to Brady to seek a more healthful climate for Mrs. Boswell who has been in a sanitarium for the past few months but whose health is much improved.

She is leaving this week to join her husband and children at Brady.

Mr. and Mrs. George Mitchell of Waco spent the week end with relative here.

Among those attending Corsicana high school are Misses Edith and Elmer Mitchell, Buck and Donald Varnell, Bruce Watson and Paul McCarty.

R. H. McCarty left Saturday for a few days visit with friends and relatives at Albany.

Shelby Moore and father went to Ft. Saline on business.

City Book Store.

### EMHOUSE.

Special to the Sun.

Emhouse, Texas, Sept. 15. Mrs. Laura Hiehlard of Corsicana is visiting her parents, Mr. and Mrs. A. C. Richard, this week.

Mrs. Arthur Williams and little daughter, and Mrs. Bill Moore and little son, Genn Riley, of Dallas, are visiting their parents for a few days.

Rev. Milburn and family have moved to Tehuacana, where the children will attend the Westminster College. We are sorry to lose these good people, but wish them much success in their new location.

C. D. Owen was a Corsicana visitor Saturday.

We are glad indeed to see Mrs. Hart able to be out after her recent operation.

Mr. and Mrs. George Cooper and family of Barry have moved to Emhouse and will occupy the dwelling owned by Mrs. Joe Reid.

We welcome them to our city.

Robert Bristow left Sunday for Rice to begin his duties as principal of the high school there. The school opened Monday.

Miss Nancy Owen spent Sunday with home folks. Miss Owen is feeling much better from her injuries received in the collapse of the Woodruff building last Friday.

The ice cream supper given by the Ladies Aid of the M. P. church Saturday night was a huge success, the ladies realizing quite a sum from their sales.

Mrs. Joe Shelton continues quite ill this week.

Supt. Sands is busy this week preparing for the beginning of school. It will open next Monday.

### MRS. DAN MOODY HEADS COMMITTEE STATE AUDITION

MRS. DAN MOODY  
Texas State Chairman

The State Sponsorship Committee for the National Radio Audition, of which Mrs. Dan Moody, wife of the governor is chairman, is urging all interested communities in Texas to complete their local organizations at once, and arrange for the selection of their candidates for the State Audition, to be broadcast in two sessions,—one from Dallas over Station WFAA on October 26 and 27, and one from Houston, over Station KPRC on October 24 and 25.

All local contests, out of each of which one boy and one girl will be certified to the sectional State Audition nearest them, are to be concluded not later than one week before the State Audition date. The State Auditions will be followed by a District Audition, in November, when the winning boy and girl from each Fourth District state will compete for the right to represent the district in the final or National Audition to be broadcast over a network of associated stations, from New York in December.

The states of the Fourth District are Texas, Arkansas, Kansas, Oklahoma, Colorado and New Mexico. Dallas is the center and the District Audition will be broadcast over Station WFAA.

Thirty Texas towns have been invited to hold local auditions, and in many of these cities local music lovers have begun organization. The first completed committee to be reported is at San Marcos, where Mrs. Alfred H. Nolle is chairman.

All expenses of winners of the State Audition will be paid to Dallas from each of the states of this district. The expenses of the boy and girl who win the District Audition will be paid to the New York finals, and will include cost of travel, hotel and entertainment, and a trip by way of Washington, D. C. The national awards will total \$17,500, of which the first will be a gold decoration, \$5,000 in cash and two year's tuition in a leading American conservatory for one boy and one girl.

All candidates must be amateurs be amateurs between the ages of 18 and 25. They cannot enter the auditions except through local committees. For this reason the state committee is asking all interested local communities to advance local organizations as rapidly as possible to prevent the probable loss of opportunity to some ambitious boy or girl whose voice deserves the right to be heard.

Already many boys and girls from all parts of the state have asked the Foundation, and the state committee, for information as to their local committees.

### FAMILY REUNION HELD SUNDAY WITH TANNERS, PURSLEY

Sunday, Sept. 11 a family reunion was held at the home of Mr. and Mrs. A. B. Tanner of Pursley. Seven brothers and sisters met the first time they all had been together in 19 years. The brothers and sisters that were present were C. C. Owen, Corsicana; Mrs. O. O. Wells, Corsicana; L. Owen, Pursley; Mrs. Janie Nutt, Pursley; J. S. Owen, Malakoff; T. J. Owen, Purdon; and Mrs. Elva Gross, Norman, Okla. A sister in Dawson and a sister and brother in Oklahoma were not present.

Dinner was served, and my! what a dinner! Chicken, cake, pies, ice cream, etc. It was enjoyed by all.

After lunch, the afternoon was spent making pictures and talking of the good old days when the Owen children were at home. We were all loath to see the time come for us to leave to go home, for every minute of the day was enjoyed by all who were present. We hope that these reunions will be more often.

Those present were: Mr. and Mrs. A. B. Tanner and family; Mrs. Jack Ford and daughter, Naomi, of Purdon; Mr. and Mrs. T. J. Owen, Purdon; L. Owen, Pursley; Mrs. Janie Nutt, Pursley; J. S. Owen, Malakoff; Mrs. O. O. Wells and son, Glyn, Corsicana; C. C. Owen, Corsicana; Mr. and Mrs. W. G. Owen, Corsicana; and Mrs. Elva Gross, Norman, Okla. —CONTRIBUTED.

Lee Watts of the Emmett community was a business visitor in Corsicana Thursday morning.

"By Ideal Theatre"

## JOE HADDAD GOES TO CLEVELAND, OHIO, ACCEPTS POSITION

### FORMERLY OF STATE HOME GETS DEGREE AT TEXAS UNIVERSITY

Joe Haddad, former inmate of the State Orphans' Home here, is in Corsicana for a few days visiting friends. Joe has just completed a four-year course in the University of Texas, specializing in electrical engineering, and has received his degree. Through interest shown by Dean Taylor, a position has been secured for Joe with the Willard Storage Battery Company of Cleveland, Ohio, and he will leave in a few days for Cleveland.

Joe has made a most enviable record. Handicapped by his lack of knowledge of the English language, he was in no way discouraged and continued steadily on his way until he reached the goal of a college degree in his chosen line of endeavor. He was also without funds and worked his way through the University. For two summers he was in the employ of the Coffin Street Bakery, W. T. McElwee, one of the proprietors becoming interested in the lad. Mr. McElwee gave him every encouragement and assistance. For the past two summers Joe has been working for the State Board of Health. For a time Joe took care of Dean Taylor's lawn and in this way Dean Taylor became interested in him.

Joe is very confident and goes to Cleveland with the intention of making good. And a few minutes conversation with Joe will convince one that he will make good.

Before leaving for Cleveland, Joe will go to Terrell to pay a visit to Odie Minatra, former superintendent of the State Home and in charge of the institution while Joe was an inmate.

### Blue Corner Drug Store Has Moved

The Blue Corner Drug Company has completed moving to its new quarters at the corner of Commerce street and Fifth avenue, where it is open for business again. Sol Gottlieb proprietor of the store is much pleased over his new location where he has more room, and can carry a larger stock of merchandise forward to a good fall business owing to the prospect for a good cotton crop and a good price for same.

There is Only One FRIGIDAIRE. It's a product of General Motors. C. R. HALL, Dealer at Dickson Electric Co.

## NAVARRO COUNTY DAIRYMEN URGED ATTEND EXHIBITS

Navarro County citizens interested in dairy development are urged to attend the National Dairy Exposition in Memphis, Tennessee, October 18-19, in a letter received by the Chamber of Commerce from A. L. Ward, educational director of the Texas Cotton Seed Crushers Association and chairman of the Transportation committee.

A special train from Texas over the T. & P. Railroad will leave from Dallas October 17th at 6:10 p. m., according to Mr. Ward's letter. A special rate of one fare plus fifty cents, making the round trip from Dallas only \$12.50, is announced. Those who make Pullman reservations may use their berths while in Memphis in lieu of hotel accommodations.

While the special train will be run over the T. & P., the Cotton Belt is granting the same special rate.

It is expected that a large number will attend from Texas.

SCOFIELD BIBLES — ALL STYLES—City Book Store.

## ENROLLMENT CITY SCHOOLS INCREASED OVER LAST YEAR

With an additional enrollment of about 100 students in the public schools, the 1927 enrollment has erased the slight decrease shown on the opening day and is now showing an increase of about 40.

The High School is leading with about 50 more than the 1926 session, and has the largest enrollment in its history. All of the sections are full and some of the beginning math and Spanish classes are overcrowded. The reason for the demand for these classes is the increased desire to go to college following graduation and the necessity of having these subjects if a college career is desired.

The cafeterias in the High School, Robert E. Lee and the William B. Travis schools are now in operation and taking care of a large number each day. The cafeterias are under the management of Miss Bess Carlock.

GIFT BIBLES, NAME IN GOLD FREE.—City Book Store.

## KERENS SCHOOLS OPEN MONDAY WITH GOOD ATTENDANCE

Special to the Sun. Kerens, Texas, Sept. 15.—With much interest prevailing and a slight increase in the enrollment since last year, the scholastic year opening of the Kerens schools for white children was held Monday morning in the High School auditorium with Rev. F. A. Tippen, pastor of Blooming Grove as the principal speaker.

The auditorium was filled with interested parents and friends of the students and all were sincerely appreciative of the splendid program presented.

With the opening of the Kerens schools, this year marks the eighth year with J. J. Hendricks as superintendent. This is a record for the superintendency of any teacher in the Kerens schools, and this is attributed to the sterling worth of Mr. Hendricks as a leader.

GOOD \$1.00 FOUNTAIN PENS—Name in Gold free.—City Book Store.

## LIMESTONE COUNTY HAS GINNED OVER ELEVEN THOUSAND

Special to the Sun. Mexia, Texas, Sept. 15.—Limestone county had ginned 11,457 bales of cotton from the 1927 crop prior to September 1, a report to Tom L. Cox, special agent of the census bureau says. Private estimates are that the September 15 ginning report for the county will show nearly 30,000 bales, or over half of the crop expected to be ginned in the county.

KINDERGARTEN COUNTING frames, 35c.—City Book Store.

## REVIVAL SERVICES METHODIST CHURCH WERE RAINED OUT

No services were held Wednesday night at the open air revival meeting being conducted under the auspices of the First Methodist church at the Eleventh Avenue Baptist church, on account of the rain.

Services will be held tonight at 7:30 and Dr. F. P. Culver, pastor of the First Methodist church, will preach, it has been announced. Rev. C. H. Siserson of Chatfield is expected to lead the singing.

## BUSINESS OUTLOOK GOOD; RETAIL STORE BUYS BIG STOCKS

That business is good and the future outlook is better is in evidence at the Thomas Cash Grocery on North Commerce street. This retail grocery has just received and unloaded for the fall rush of business a solid car load of shortening, a car of chicken feed and a car of salt, which is no doubt one of the largest shipments at one time of any retail store in the city.

Mr. Thomas is very optimistic over the prospects for a good fall business, and thinks that the price of cotton will put business in good condition again which will mean that 1928 will be one of the best years.

ESTIMATE GIVEN  
ON POPULATION OF  
CITIES OF TEXAS

CORSICANA SAID TO HAVE GROWN SO RAPIDLY NO ESTIMATE IS MADE

Washington, Sept. 15. Revised estimates prepared by the Bureau of the Census show that Dallas on July 1, 1926, had a population of 267,000, compared with 240,000 estimated in May of last year. The estimates, as well as for other cities, include additional area growth that has been established or known.

Otherwise, the estimates are based upon the annual rate of growth between 1910 and 1920, as shown on the official enumeration in the latter year. The rate of increase is being applied since 1920 to obtain the subsequent annual increases. The bureau's figures place the Dallas population nearly 75,000 behind the estimate made by local interests last year. The latter's figures were arrived at from the telephone directory, gas meter connections, electric light consents and the city directory. These gave the city a population of 327,567. The new city directory, however, gave Dallas a population of 279,568, as of Jan. 1, 1927.

**Expects Dallas to Lead.**  
The next official census by the bureau will be in 1930. It is thought that some Texas cities will show remarkable growth and that Dallas will be the largest in the state. As it is, San Antonio leads by reason of the official census seven years ago, with the ratio of increase now being applied. In 1920 San Antonio was 181,329. For 1926 its population is estimated at 244,706, or an estimated increase since 1920 of 43,421.

On the other hand, Dallas in 1920 had 158,976, and is estimated for 1926 at 262,500, or an estimated increase of 43,924. Due to its more rapid growth, Dallas, according to the revised 1926 figures, is only 1,500 behind San Antonio, whereas, in 1920, the official enumeration gave San Antonio a lead of 2,403 over Dallas. At that time San Antonio ranked forty-first among the cities of the country in population and Dallas ranked forty-second.

The bureau's revised statement also includes the estimate growth of Texas cities of 10,000 population or more. In the case of Corsicana with 12,199, Houston with 160,062 and Wichita Falls with 54,763 in 1920, the bureau states, there is reason to believe that, owing to exceptional conditions of growth their figures are now far from correct, therefore, no estimates are made. Neither are estimates made for cities which are believed to have lost population.

ALL BOOK STRAPS, 1-2 price.—City Book Store.

RAIN FELL OVER  
PARTS OF NAVARRO  
COUNTY TUESDAY

Local showers fell in portions of Navarro county late Wednesday afternoon, the heaviest rain falling in a strip south of Corsicana extending from Powell to Purlon. The rainfall in Corsicana was .45 of an inch. No rain fell north of town.

Cotton picking was stopped in the section visited by the rain and in some places considerable cotton was knocked out by the rain.
